Children deserve a Foundation of Excellence

Established in 2010, the Barbers Hill Education Foundation (BHEF) is a nonprofit organization designed to help BH educators implement creative learning projects for students grades Pre-K to 12.

BHEF has distributed over a half million dollars to educators in our district since its inception. Grants have permitted teachers to purchase items such as biomedical engineering kits, flexible seating options for students, science literary projects, robotics equipment, standing desks, math skills software, reading incentive programs, ukeleles, wireless tablets, virtual reality goggles, dissection kits, nuclear chemistry activities, defibrillator training systems, water demineralization kits, and software for 3-D printing of human organs.

Grants make the learning possibilities endless!

By the Numbers

\$30m

BHEF 2017
fund balance

1

BHEF is currently the largest
education foundation in Texas,
and #10 overall in the U.S.

\$527k

Distributed in grants
to teachers since
BHEF's inception.

458

The number of
BHEF grants distributed
since inception.

Grant Spotlight

"Virtual Reality allows students to visualize and explore the places we are discussing. It helps students experience the place we are studying, and 'travel' without leaving the classroom."

Kim Short, Social Studies Teacher, MSN

"The students really love learning to play ukulele. Many have been inspired to purchase their own ukuleles for home use as a result of learning to play them here, and we've also been able to start a ukulele club!"

Rachel Rozsygal, Music Teacher, ESS

Making a Difference

When you as an individual or business give to the Barbers Hill Education Foundation, you are multiplying your impact as well as ours on the next generation. Your gift provides the extra spark that can ignite a mind, an imagination, a world. Come be a part!
