SCC BUSINESS

- Fall festival results discussed and recorded for improvement for the next year
- Total earned after expenses: \$6000.00

DISCUSSION ITEMS

- Community Council will attend district training on November 14 at Legacy Jr. High
 - No November Meeting
- Discussed technology in the classroom. How can we better explain and show parents how funds are being used? Ideas:
 - Have teachers show technology use in their classroom in sway
 - Show during back-to-school what donations paid for
- Discussed problems with parents stopping in the middle of the drop off line in the morning. Parents are not pulling forward. Vonzaa will ask teachers to wave parents forward and see if that improves the situation.
- Discussed school lunch running out on some days. Lunch lady will track what runs out. Other food choices are available to students if the main course runs out.
- Halloween Parade: To help with traffic, students will weave through gym and commons area

ITEMS TO DISCUSS NEXT TIME

- Vonzaa will bring donation data to analyze where parents are donating funds. Online technology donations (\$100), classroom donations, etc.
- Technology usage in our school.
