Kimberly Waldron was unanimously elected chair. Marie Dougherty was unanimously elected vice-chair.

□ Other Business

- Kindergarten start
- Evacuation Drill

□ Business

- Not having class assignments before the start of school was a challenge for parents with child care needs. However, classes were balanced better than ever before. There was also a lot of positive feedback on the orientation held the first day.
- The evacuation drill was a success. We learned that moving the students inside the building instead of outside would be safer and more orderly. Recommendations from the council include: notify parents not to use the parking lot to improve safety; provide a map of pickup locations (if doing pickup outside); have upper grade students walk alongside lower grade students for safety
