#### How do we distribute the money?

- Depends on the sports involvement
- Depends on needs based on the number of kids on the team

#### **Major need right now is for discretionary spending!**

#### **Things to do:**

1. Come up with a date
2. Come up with a plan
3. We need to get people to buy in to support the school
4. We need to decide where we want to put the money (define the percentages and where the money will go)
5. Be careful and clear how the funds will be spent
6. Stacey Curtis to make a plan for the one school fundraiser
