

Community Council March 17th

In attendance:

Kristen Nielsen

Scott Hughes

Jodi Fulks

Denise Moncur

Brenda Turnbow

Jim Wright

- Began developing the School Improvement Plan- Community council has a say in this
- April 18th Learning First- Planning day for the improvement plan. We discussed what this is and what we do.
- Update on District goals- DIBELS and chronically absent
 - We are on track and exceeded DIBELS. The goal was 84% we are at 86%.
 - Chronically absent- Our current goal status is not met. We are at 8%. We were hoping to be at 3%. We are heading the wrong direction. Incentives are given to the grade level with the best attendance.
 - Quality Staffing goal- Training what kids need to know at a certain grade level. What do our kids need to know. (PLC's)
 - Math goal- TTM is helping
- New district goals- DIBELS - we would still keep working toward the 90% goal, but we would look at middle of year data.
- Chronically absent- work for 6%
- Quality Staffing Goal- professional development will continue, collaborative data teams, frequent formative checks for understanding, use data to meet individual learning

- Trust lands funding- should be at least what we have this year, probably more, Reading Tutors, TTM, Extra will go to technology
- Voted to move forward with the same again next year
- We will look at programs for K-2.
- Special Ed was given some of Trustlands money, not sure if they will get this next year.
- Feel free to look at this and let Scott know if you see anything we need to add or improve prior to April 18th.
- We will finish developing a new plan at the April 18th meeting. It will be given to CC to look at and give input and then it must be submitted by **May 6th**.
- SNAP Plan - We need to think of school boundaries and how we can get the students to school safely.
- New elections- we do it in the fall. Interest peaks with a new principal. We have had a written ballot or electronic ballot.
