

I. Minutes Approved

2. Sonic Blast

- Registration (Vanessa/Cindy)

The district site was great/efficient. Try to add the oldest student's teacher in the comments section.

- Marketing: (Vanessa/Cindy)

All the marketing was enough. Back to School Night fliers/emails/call outs

- Parking and Safety: (A'Neil)

Not an issue

- Race route: (Kandise/Celeste)

The signs were a huge help. The coordination with Kaysville PD went well. There were 3 water stations (2 - 5-gallon coolers at each station are enough) Suggestions were to add ½ 5K option next year.

- Finish line: (Elizabeth/Barbara)

Input was to add water at the finish line.

- Business sponsors: (A'Neil/Adam)

Signed certificates from CC and cards signed by classes

- Raffle prize donations: (Barbara/Kandise)

We need to relocate the raffle prizes and silent auction next year. We can run the silent auction through a computerized program for a minimal cost, so people can bid from home.

- T-shirts: (Tracy)

Add a Dri fit option next year.

- Registrant swag bags: (Celeste)

Labels were very helpful.

- Food booths: (Vanessa/Cindy) - Call Abatement the day before to spray.

- K: candy - eliminate for next year
- 1st: soda/water - need more water/Pepsi & coke products/more non-caffeinated beverages
- 2nd: nachos
- 3rd: cashiers (credit cards/cash)
- 4th: pizza
- 5th: doughnuts (Jack's Doughnuts)
- 6th: karaoke
- \*Snow Cones - double up on help next year
