| | Social Emotional Committee Update | | | Idea to begin in October 2017 is to divide class up into 6 groups of students once a month to have a morning meeting and play time with an assigned teacher. Kindergarten will be divided up within Kindergarten and first grade will be divided up within first grade. Students will be with an assigned teacher for approximately 30 minutes (10 minutes of morning meeting and 20 minutes of playtime.) | | | | |
| | Math Committee Update | | | We will not be doing the large group community assembly in the Fall. We will have some type of community event around Homecoming in the Fall. | | | | |
| | | | | Math Committee would like to continue to meet next year. We are still working on supplemental activities for Kindergarten classrooms to use with learners that need additional support with specific concepts. We are also working on a parent piece to inform parents about various Math topics their children are learning in Kindergarten and First Grade. | | | | |
