

ATHLETIC CONTRACT REVIEW MEETING #2

November 6, 2017

MEETING MINUTE:

It was a great meeting with everyone. Lots of conversation and collaboration on ideas made the hour that we were here move quickly. Mr. Whitcomb and I are reviewing each of the contracts that were collected and will share any improvements with you as we move forward. Upcoming meetings will look further in depth on changes and comparisons to other districts.

Topic #1: Reengage with Committee

Everyone returned and spent more time conversing than the last meeting (last meeting was rather more objective). Everyone had stories on what they have been up to this past month along with how their children are doing.

Topic #2: Each member will voice the content of the contract that has been noted/highlighted

As a committee, we noted things that stood out through reading the contract. The common theme that was made is that some parts of the contract were too “wordy” and “vague.” Improvement suggested were that some of these areas of the contract be removed. This makes it easier to read for parents and athletes.

Topic #3: Breakdown sections of the contract to hear reach members positive feedback (page by page)

Though the contract is long, the points that are made are important points. Each section gives a thorough description on what the contract will work to defend.

Topic #4: Breakdown sections of the contract to hear possible room for improvement (page by page)

Pages need to be removed. Make the contract less complicated from beginning to finish. Adapt a short note from the Athletic Director. Appendix sections made available online for further explanation.

Topic #5: Collection of Committee Member’s contracts

Everyone handed in a copy that will be reviewed thoroughly in the upcoming weeks by Jon Schlesing and Ron Whitcomb.

Topic #6: Good of the Order

KEY TAKEAWAYS:

The contract needs to be streamlined from its current format. It also needs to be more user friendly and revised to remove unnecessary sections.

Meeting #3 will take place on December 4th at 5:00pm in the Athletic Office. Meeting minutes from today will be sent out to all committee members within a few days. Any questions, comments or concerns can be directed to Jon Schlesing at schlesingj@victorschools.org.
