WASC

The Western Association of Schools and Colleges (WASC) is the organization that accredits schools to ensure the quality of educational institutions and programs. A visiting committee from WASC will be at McNair in February and the staff is working hard to prepare for the visit. Parent involvement is an important aspect of the accreditation process so we are asking for your help. There are two WASC parent/guardian meetings scheduled for November, the first on Wednesday, November 7 and the second on Wednesday, November 28. We will also be asking parents and guardians to complete a short survey in the coming weeks. Finally, we will also be asking for parents to meet with the visiting committee on Sunday, February 24. This will be the opportunity to share your experiences at McNair High School with the visiting committee.

Cash for College Night & ELAC

On Thursday, November 8 from 4:00 to 7:00 representatives from Delta College will be in our library to answer questions about financial aid and assist students and families with the Free Application for Federal Student Aid (FAFSA). McNair will also be hosting an English Language Advisory Committee (ELAC) meeting prior to the cash for college event. The ELAC meeting will begin at 5:00 pm in our Career Center.

Astronomy Night

Please join us for Astronomy Night on Thursday, November 16 at 6:00 pm. Members of the Stockton Astronomical Society will be here at McNair for a Star Party! They've volunteered to setup their telescopes on the south lawn (by the main office). Students, staff, and families will have the opportunity to view planets, moons, galaxies, and more! The MESA Club will be selling treats.

*Weather Permitting

Safety and Security Update

On Monday, November 19, McNair High School will be conducting a lockdown/active shooter drill. Participants in the drill will include Staff from McNair along with staff from the district office. This is part of our ongoing efforts to ensure our students and our staff are prepared for any emergency that may occur.
