

NAVIANCE-SCAVENGER HUNT

WHAT IS NAVIANCE?

Naviance is an online tool that you use to help you build your college list by researching colleges, majors, and careers. Additional features included are: create a resume, sign up for college representative meetings, research scholarships, take learning style and career clusters assessments. You will also use Naviance during your senior year to manage your college applications.

COLLEGES

1. COLLEGE INFORMATION: Under the **Colleges Tab**, type a college name in the search bar. Choose one of the colleges listed below to lookup. Circle the name of that school.

University of California, Davis	Santa Clara University	Arizona State University
San Jose State University	Pomona College	University of Washington

2. Using the college that you selected, find the following information?

Overview:	What is the application deadline?
	What is the undergraduate enrollment? (number of students obtaining their bachelor's degree)
Studies (Major)	What is one major that interests you?
Student Life:	List one Sport or activity offered?
Admissions:	What percentage of applicants are accepted?
	How many years of Foreign Language are required?
	Using the scattergrams feature, what is the average GPA & test score?
Costs:	What is the in-state tuition for this college?

*Additional Admission Information: Naviance contains a link to each college's website.

Select **Visit Website**.

3. Find SuperMatch. From the "Choose Fit Criteria" at the top of the page, list 3 criteria that are important for your own personal college search.

4. Search for one college that you have either heard of or are interested in and add it to my "Colleges That I'm Thinking About"

Name of College: _____
