- Not Attending: Mark Brown, Kristen Davidson, Corey Jenkins, and Angela Robins.
- Welcome: The meeting was called to order at 2:53pm.
- Approval of April 19 meeting minutes: Mindi Smith motioned to approve these and Dawna Burton seconded the motion. All were in favor.
- Principal Report Mr. Hunt thanked everyone for all their efforts to contribute to the Community Council. Good things are happening to make sure all our students leave NHS prepared for whatever is in their futures. We're headed in the right direction and much of that credit goes to the Community Council.
- Continuation of Math Discussion from our March Meeting

1. Review how the SIP is going to benefit our math concerns. Mr. Hunt is not aware of a financial request made by the Math Teachers that was not fulfilled with this SIP. Stipends were budgeted that will allow them time to implement what they've learned and put their lectures online.
 2. Long term goals for our math concerns. Train, educate and promote learning. Some kids, no matter how much we help them, are not going to meet the standard. Elimination of the SAGE test might help because it will increase instruction time. The State requires students pass Secondary Math II. More communication is needed between Jr High & High School Math teachers and Elementary & Jr. High Math teachers. Double Blocking should be used for instruction every day, not teach one day and do homework the next. Overall, we feel good about our plans to improve things.
- Community Council vacancies – Tammy Schaelling motioned to leave Mark Brown as a member for next year since his schedule will change and allow him to attend the meetings. Debbie Rios seconded this motion. All were in favor.
 - Upcoming Events – none were mentioned.
 - Other Business Mr. Hunt thanked everyone again and Tyler Poll handed out thank-you gifts.
 - Debbie Rios motioned to adjourn and Stacey Howell seconded the motion. All were in favor and the meeting was adjourned at 3:53pm.
