

Northridge High School
Community Council Meeting
November 10, 2015

In Attendance: Julie McQueen, Stacey Howell, Kristen Davidson, Tom Hutchinson, Karen Cheney, David Seiter, Ati So'o, Pam Harwood, Julie Jordan, Selena Campbell, Debbie Rios, Trudy Keyes, Stephanie Mouritsen, Steve Poll, Landa Lawrence, Luke Rasmussen

Minutes from last meeting approved.

Trustland Money: Selena Campbell presented a request for Trustland money to create a S.T.E.M. Makerspace in the library. The motion was approved. Current Trustland budget and accounting was reviewed. Teachers have been notified that there is money available in the Trustland budget, and they can submit proposals to the Administration to bring to the Community Council. School improvement plan goals were reviewed. USOE data gateway has a "compare schools" chart that allows the public see how Northridge compares to other schools. The School Improvement Plan is located on the school website and linked to the District website. It can be accessed by choosing departments, then assessment, then school improvement plans, and selecting the school.

ACT Prep Classes: The question was asked why we don't offer an ACT prep class. It was suggested that the Tutorial period could be used as an option for ACT prep. The Administration will check to see how other area high schools are offering ACT Prep classes and report back.

House Bill 123: The state passed House bill 123: Safe Technology & Digital Citizenship, and it is now mandated by state for schools to get this information to students. The decision was made to do both an assembly and White Ribbon Week advisory lessons and activities.

Hill Field Road Construction: The bulk of the work on Hillfield Road in front of the school will be done over thanksgiving week. If something comes up that will affect student traffic, the state will communicate to us early so that we can notify families. The left turn into the school's main driveway is a hazard, but no solution is in sight.

Motion to adjourn.
