Mary Swanson, talked about Edina MS office event. October 23, 9:00 AM to 1:00 PM. Free event, just need subs.

Talked about ISTE standards. Mary Waite handed out some materials about it. Discussion about where it should start. Talked about how we decide what we want to include as a part of it. Amy and Jan mentioned they have tried to use the standards to help guide their classroom work/curriculum. Send out some materials to all staff to introduce this topic more. For agenda next time, bring back some discussion ISTE standards. Start with 3. Citizen standard.

For the website: search box requires double click to get into. Need more longer/more training. Some time to see what the page looks like when it is finished.

Google classroom different from what teachers are expecting it to be. More like Schoology/Moodle, an LMS. General frustration seems to be derived from lack of PD for the software. Discussed PD needs, how can we get more technology PD for staff. Need more than just Academy day for PD. Train the trainer model as an option for some trainings.

Smart response clickers are failing, looking at alternatives. Will need to be district devices or student devices, connecting to Smart response 2. Also looking at some sort of kiosk option for when doing the assessments to prevent cheating with students.
