How do I download the Canvas Parent app on my iOS device?

Download the Canvas Parent app on your iOS device to engage in your child's education.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open App Store

Open your iOS device and tap the App Store icon.

Open Search

In phone devices, tap the Search icon at the bottom of the screen.

In tablet devices, tap the Search field at the top of the App Store.

Search for App

In the search field, type Canvas Parent in the search field. Tap the full name when it appears.

Select App

Tap the Get button.

Install App

Tap the Install button.

Note: iTunes may ask for your iTunes password to download the app.

Open App

When the app has downloaded and installed onto your iOS device, you can access the app immediately by tapping the **Open** button.

View App on iOS Home Screen

You can also open the app on your iOS home screen by tapping the Canvas Parent icon.

How do I create an account in the Canvas Parent app on my iOS device?

In the Canvas Parent app, you can create a Canvas observer account to view student course information. If you already have an account, you can <u>log in to the Parent app</u>.

To link yourself to a student, you will need to enter a student-specific pairing code that will link you to the student. Pairing codes are valid for 24 hours. Students can <u>generate pairing codes</u> from their User Settings. Depending on institution permissions, admins and instructors may also be able to generate pairing codes.

Open App

Open your device and tap the Canvas Parent icon.

How do I log out of the Canvas Parent app on my iOS device?

You can easily log out of Canvas Parent when you are finished using the app.

Open User Menu

To open the User Menu, tap the Menu icon.

Log Out

Tap the Log Out link.

How do I reset my cache in the Parent app on my iOS device?

You can reset your cache in the Canvas Parent app on your iOS device. Resetting your cache will clear all information on your device that is specific to the app, including login details and app settings.

You may want to use a cache reset if you experience errors when logging in to the app. Because a cache reset will remove app information from your device, you may want to try resetting your password or uninstalling the app first.

After enabling the Reset Cache on Next Launch option, you must force close and relaunch the Parent app for your cache to reset.

Open Settings

On the home screen, tap the Settings icon.

Open Parent App Settings

In the Settings menu, tap the Canvas Parent link.

Reset Cache on Next Launch

Locate Canvas Parent Settings [1]. Then tap the Reset Cache on Next Launch button [2].

Notes:

- After enabling the Reset Cache on Next Launch option, you must force close and relaunch the Parent app for your cache to reset.
- The Reset Cache on Next Launch button will toggle to the Off position after the cache has reset.
