Sign In - or - **Log In With Clever**

Let's create your Naviance ID!
From the current Naviance login page, enter your Account, User Name, and Password and then click Sign In.

NAVIANCE

Please take a moment...

Why are we here?
In order to provide you the best possible experience, we are updating our staff login to one that is aligned with industry standards, eliminates the need for account number, and requires only a single email and a password.

What is a Naviance ID?
Naviance ID is your new secure way to log into the Naviance application. Moving forward you will only need your email and password. Your Naviance ID should not be shared with anyone.

What are the benefits of a Naviance ID?
A Naviance ID is a more secure way to protect your information. No one else will have access to your password. Also, if you have several Naviance profiles you are now able to associate them all under one Naviance ID. You can use your Naviance ID to access all your profiles.

Will this take much time out of my day?
You will only need to establish a Naviance ID once. Once you establish your Naviance ID, you only have to use your email and password to log into Naviance.

GET A NAVIANCE ID **LOG IN**

From the Naviance ID landing page, click the Get a Naviance ID button.

NAVIANCE

Hello there!

Log in with your Naviance profile to get your new Naviance ID.

Your account and user name will be autopopulated on the Create Naviance ID page. Enter your password and click Log In.

NAVIANCE

Congratulations!

You have successfully obtained a Naviance ID.

Next time log in using your new Naviance ID, **firstname.lastname@email.com** and password.

Please go to your inbox or spam folder to **VERIFY YOUR ACCOUNT.**

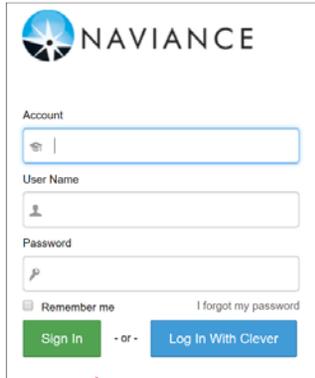

GOT IT!

Congrats, you have obtained your Naviance ID!
The connected Naviance ID email is shown in the success notification.
Click Got it! You'll be logged in to Naviance.

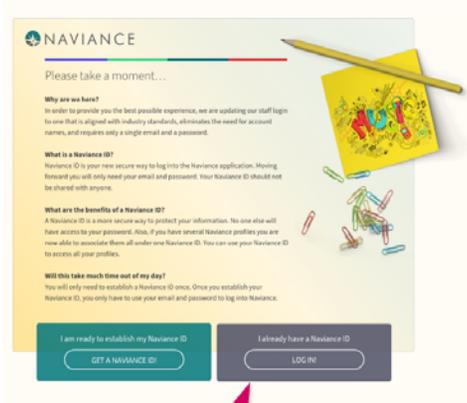

Look for a verification email to the email address associated with your Naviance ID. You **MUST VERIFY** your account prior to your 2nd login or you will not be able to log in.

It is recommended that you bookmark (favorite) the Naviance ID landing page (Image 2) for easy login access moving forward. Search for your browser's instructions on how to bookmark a website.

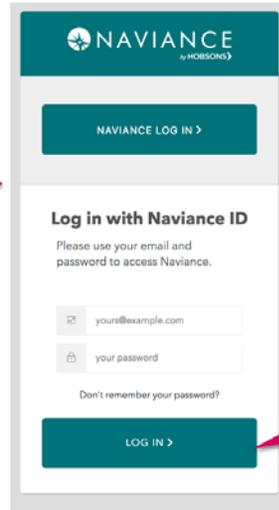

Naviance ID Second Log In

Your second log in should still start from the current Naviance login page. Enter your Account, User Name, and Password and then click Sign In.

From the Naviance ID landing page, click the Log In button.

Remember: If you did not verify your account using the email you received, you will not be able to log in.

Enter your Naviance ID (email and password) in the respective fields.
Click Log In.

Follow these steps to log in using your Naviance ID until everyone is migrated. You will know the full migration is complete when the current Naviance login page is updated to include only two (2) fields for email and password (Naviance ID).

If you bookmarked the Naviance ID landing page (Image 2), open the page from your bookmarks and start your instructions from the Naviance ID landing page.

Keep in mind that if you added additional profiles, you will need to select the profile of choice after clicking Log In to select which Naviance profile will display.
