Thanks to our sponsor

Bullying, violence, and substance abuse are top concerns among schools, students, parents and communities. But there is HOPE! The powerful "CHOICES!" School Program, presented by former WWE Wrestling Champion Marc Mero, helps students see life from a new perspective. Our 9th and 10th graders will see his program on November 5th during a school assembly and parents are invited to a Parent Night with Marc Mero that evening. More than one million people have seen this program -- described as life-changing and lifesaving and Mero has been touted as "America's #1 School Presenter." Please plan to come to Springhouse Middle School at 7 PM on November 5th as we stand together as a community to help our children make good life choices regarding bullying, drugs and peer pressure. The program is FREE for Parkland parents thanks to a generous sponsorship by Jaindl Farms. We will be raffling off a Jaindl Farms/A-Treat gift basket at the event.
