 - **Healthy Dollars will send checks to your providers automatically.**
 - **Your Healthy Dollars card will be used to pay for prescription deductible expenses.**
- If you have a prescription that “bridges” the employee responsibility and the HRA, you can submit for reimbursement OR contact us ahead of time to have your HRA activated early.

Audit & Substantiation

- Healthy Dollars will use the data feed from BCBS to match your card transactions to your deductible expenses. If we are unable to match the card transaction to the expenses sent to us from BCBS we will then send you a letter.
- BCBS does not handle your dental and vision claims, therefore you will still have to send us the documentation for those services.
- If you do not want Healthy Dollars to receive your data, you can sign an opt-out form and we will submit it to BCBS and they will not send us your data.
- **Reminder:** When using your Healthy Dollars card, make sure that all medical and prescription services are submitted through BCBS and processed before you make a payment with your card.
