### Features of This Calendar / Benefits to Students:

- Students are able to start earlier than they were able to with a traditional calendar.
- The first semester ends before the Christmas/Winter Holiday break. High school students are able to complete exams before the break.
- There is a break between each nine-week grading period in October, December, and March.
- Students finish school before Memorial Day.
- The months of June and July are protected.
- The calendar contains smaller breaks throughout the school year.
- The calendar contains protected planning days for teachers.
- Closing school on November 5<sup>th</sup> allows schools to be used as polling places and allows adults to come in and out of the building to vote without endangering students.
- Regular, short breaks for students built in to the calendar throughout the year help them to focus, increase productivity, and reduce stress.
- Spring break coinciding with the change from Eastern Standard Time to Daylight Savings Time will allow students to have more time to adjust to the changes.
- An earlier start allows for a smoother transition back to school for students. This includes band members, athletes, and other specialty program students who are already back in July.
- More frequent breaks allow for families to take a variety of vacations throughout the year without missing instructional days.
- Students return to school in January refreshed and ready to begin the new classes for the second semester.
