Mr. Wilkey informed the council that DHS is involved in the Davis School District re-accreditation occurring in 2019-2020. This school year is part of a self-study year. Additionally, DHS was randomly selected as part of a school fees audit. DHS is reviewing and addressing the auditor's findings and recommendations. The local media has an interest in the results. Mr. Wilkey also informed the council that DHS has been invited to participate in a practice ACT for the junior class in November. The goal of the practice test is to expose students to the ACT, and then to help students prepare for the February ACT. There is no cost to DHS.

Mr. Wilkey reviewed this year's School Improvement Plan Goals and the Trust Lands Budget to include expenditures already made. A request was made to increase the budget for audio enhancement systems under the Teaching and Learning goal. The actual cost of the equipment exceeded the projected cost. Lance Thaxton moved to approve the increased expenditures with the increase coming from the anticipated overall budget balance. Traci Meade seconded the motion. The request was approved.

There was a brief discussion about the council's digital awareness responsibility. That responsibility will be furthered discussed in future council meetings. Another item for future discussion will be a review school data related to ACT and graduation percentage.
