

## Parent Workshops

Parent resource center in Cahuilla Desert Academy helps parents understand their middle-school-age youngsters.

We offer workshops throughout the school year with effective parenting strategies and ideas on how to get more involved. We also provide information on how to help your child be successful in school and in life.

Middle school aged students are learning to be responsible and need their parents more than ever. Parents remember, that the beginning of your student's early success begins today, with your support. Come and learn how to empower your teenager to be successful in school and lifestyle.

### **Past workshops/classes have included topics such as:**

- Welcome Back to School

## Parent involvement

Students with involved parents, no matter what their income or background, are more likely to:

- earn high grades and test scores, and enroll in higher-level programs
- pass their classes, earn credits, and be promoted
- attend school regularly
- graduate and go on to postsecondary education
- Better social skills

**We welcome and encourage parent involvement in school and district activities.**
