

### Pathfinder

1. The topic I plan to research is Orcas also known as Killer Whales.
2. In a catalogue search you could use the following terms to help you search out information.

Killer Whales

Killer Whale diet

Orca

Orca diet

Orca Habitat

Orca Family

Killer Whale Habitat

Killer Whale Family

3. In our library you will find Several books about Orcas or Killer Whales:

Orca by Claire Throp, (599 THR) An introduction to orcas, or, killer whales, covering their classification, habitats, adaptations, life cycles, behaviors, food chains, and intelligence.

Killer Whales by Gail Terp (599)

Killer Whales Built for the Hunt by Christine Zuchora-Walske ( EBK 599.5 ZUC) This is a Capstone Ebook you can access it on your computer through the Kay's Creek Library Catalogue In this book you will find information on how Killer Whales hunt.

Adrift and Alone : True Stories of Survival at Sea By Nel Yomtov (910.4 YOM)

Drifting alone on the ocean for days on end. The hot sun is beating down, and water is all you can see in any direction. In these horrible conditions, there are some who have found the will to survive. These true stories detail the amazing events of people who have braved the elements on the open sea. Written in graphic-novel format. Includes the story of the Robertsons attack by Killer Whales.

4. Go to Utah's Online Library at <https://onlinelibrary.uen.org/> If you are on a school computer you will be automatically logged in. If you are at home you will need the username and password, please see Mrs Johnson in the library for that information.

Try using Gale Kids Infobits or World Book Online for more information.

5. Here are some resources online that you might also like to use.....

<https://us.whales.org/> WDC is a website dedicated to whales and dolphins dedicated to conservation and education. This site is full of facts about Killer whales from what they eat to their family organization.

<https://www.nationalgeographic.com> National Geographic website full of great information and pictures.

<http://marinebio.org/> A website about marine conservation with information about Killer Whales from their habitat, range , food, history and conservation efforts.
