HIGH SCHOOL 2020/21 PROFILE

● MISSION

We're determined to be a community that changes the world for the better.

Here it's all about what you can do rather than what you can't; where every student, at any level of ability, from any culture, is happy and excited because they can choose how they want to learn, not just what they want to learn. It's a school where asking the right questions is more important than memorizing the right answers; where you make friendships that last a lifetime; and develop life skills that send you out into the world with enough self-belief to change it for the better.

The American School of Warsaw is a college-preparatory, Pre-K through grade 12, independent, not-for-profit international community school. ASW offers an American High School Diploma that is further enriched by the International Baccalaureate Diploma. Founded in 1953, ASW has been a leader in international education for more than 60 years, providing a rigorous, supportive, and welcoming environment to all of our 949 students.

● CORE VALUES

Put the same into life as you put into school.

Work together. Because without us all, we're nothing.

Step forward and make things happen. Don't wait.

Make the whole world your classroom.

Bounce back when things don't go your way.

ACCREDITATION

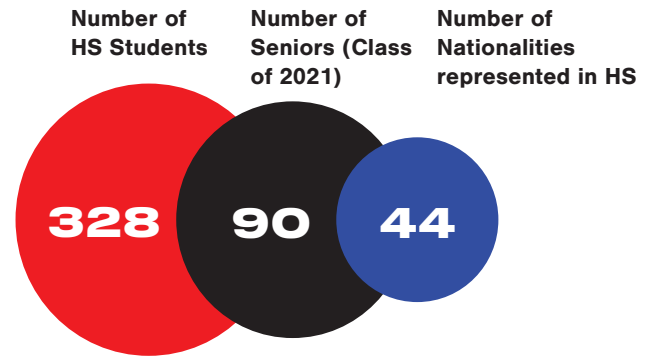

ASW

ASW is located in Warsaw, the historic and modern capital of Poland. Poland provides a rich backdrop for education. A center for science, technology, and business, Poland has one of the strongest economies in Europe. With a strong national appreciation for the arts, Warsaw supports a professional Opera, Ballet, and National Symphony as well as a National Gallery of Art and a Modern Art Museum, all of which enrich our community and our classrooms.

ASW is located on a 10 hectare campus just south of the Warsaw city limits. There are 101 classrooms, 7 science labs, a Design and Technology Center, 5 music rooms, 5 art rooms, a library, 3 gymnasiums, a full-service cafeteria, a professional theater, and a 25-meter indoor swimming pool. There are also multiple playgrounds, a floodlit running track, soccer fields, 2 softball fields, outdoor tennis courts, and multipurpose sports court. Our most recent construction, the Annex Building, which houses arts and athletics is LEED - certified, and along with active gardens and other projects, is part of our ongoing goals surrounding sustainability.
