**SEXUALLY TRANSMITTED INFECTIONS (STI) AND PREGNANCY  
PREVENTION EDUCATION POLICY**

It is the policy of the Barre Supervisory Union to provide a Sexually Transmitted Infections (STI) and pregnancy prevention education program that is integrated into the health curriculum of the supervisory union.

One component of this program is to make available latex condoms (or other protective barrier options as they become available) in schools in an age appropriate manner. Parents or guardians of Barre Supervisory Union students can, upon request, withhold permission for their child's participation in the condom availability component of the program. The Principal or designee in each building will develop procedures for condom availability and distribution, based on the recommendation of the SHAC Committee in accordance with the policy set forth here..
