Dear Parents,

We are so grateful for your student's participation. We enjoy seeing their progress in getting and keeping their grades up. They all are active participants in classes and bring joy and excitement to the program. Some of our new classes this term includes archery and drama club, both have been huge hits with current and new students. Our numbers continue to grow as students invite their friends to attend the fun classes that are provided every day.

Because of the recent growth we would like to reiterate some of our policies and inform you of a few new policies on the next page meant to keep students safe while in the care of Expedition. The main policy we would like to inform you of is, that all the doors at the school will be locked at 3:15, this may result in difficulties in picking up your student. Means of contacting us or providing consent for students to leave early will be provided on the next page. I know that these may be a slight hindrance, but in our current day and age we feel these are necessary and hope that you will be patient and understanding as we start these new policies. If you have any question, please feel free to contact us at the provided information on the next page. Again, we are grateful for you and your students support. Thanks for making Expedition after school program great!

Sincerely,
Hyrum Briscoe
