## **Guidelines for Obtaining District Records Accessible Under the Freedom of Information Act 5 ILCS 140/1**

Access to District's Public Records – [Board of Education Policy 2.250](#)

Full access to the District's *public records* is available to any person as provided in the Illinois Freedom of Information Act (FOIA), this policy, and implementing procedures.

### Freedom of Information Officer

The Superintendent shall serve as the District's Freedom of Information Officer and is assigned all the duties and powers of that office as provided in FOIA and this policy. The Superintendent may delegate these duties and powers to one or more designees but the delegation shall not relieve the Superintendent of the responsibility for the action that was delegated. The Superintendent or designee(s) shall report any FOIA requests and the status of the District's response to the Board at each regular Board meeting. The District's FOIA officer duties have been delegated to the Assistant Superintendent.

### Definition

The District's *public records* are defined as records, reports, forms, writings, letters, memoranda, books, papers, maps, photographs, microfilms, cards, tapes, recordings, electronic data processing records, electronic communications, recorded information and all other documentary materials pertaining to the transaction of public business, regardless of physical form or characteristics, having been prepared by or for, or having been or being used by, received by, in the possession of, or under the control of the School District.

### Requesting Records

A request for inspection and/or copies of public records must be made in writing and may be submitted by personal delivery, mail, fax, or email directed to the District's Freedom of Information Officer.

Individuals making a request are not required to state a reason for the request other than to identify when the request is for a commercial purpose or when requesting a fee waiver. All requests for inspection and copying shall immediately be forwarded to the District's Freedom of Information Officer or designee.

### Responding to Requests

The Freedom of Information Officer shall approve all requests for public records unless:

1. The requested material does not exist;
2. The requested material is exempt from inspection and copying by the Freedom of Information Act;
3. Complying with the request would be unduly burdensome.

Within 5 business days after receipt of a request for access to a public record, the Freedom of Information Officer shall comply with or deny the request, unless the time for response is extended as specified in

Section 3 of FOIA. The Freedom of Information Officer may extend the time for a response for up to 5 business days from the original due date. If an extension is needed, the Freedom of Information Officer shall: (1) notify the person making the request of the reason for the delay, and (2) either inform the person of the date on which a response will be made or agree with the person in writing on a compliance period.

When responding to a request for a record containing both exempt and non-exempt material, the Freedom of Information Officer shall redact exempt material from the record before complying with the request.

### Copying Fees

Persons making a request for copies of public records must pay any applicable copying fee. The Freedom of Information Officer shall, as needed, recommend a copying fee schedule for the Board's approval. Copying fees, except when fixed by statute, are reasonably calculated to reimburse the District's actual cost for reproducing and certifying public records and for the use, by any person, of its equipment to copy records. **No fees shall be charged for the first 50 pages of black and white, letter or legal sized copies.** No fee shall be charged for electronic copies other than the actual cost of the recording medium.

#### The charges for copies are:

\$0.15 per 8 1/2" x 11" copy

\$0.25 per 11" x 17" copy

\$2.00 per blueprint map or chart

### Access

The inspection and copying of a public record that is the subject of an approved access request is permitted at the District's Administrative Office during regular business hours, unless other arrangements are made by the Freedom of Information Officer.

Many public records are immediately available from the District's website including, but not limited to, a description of the District and the methods for requesting a public record.

### Preserving Public Records

Public records, including email messages, shall be preserved and cataloged if:

1. they are evidence of the District's organization, function, policies, procedures, or activities;
2. they contain informational data appropriate for preservation;
3. their retention is required by State or federal law, or;
4. they are subject to a retention request by the Board Attorney (e.g. a litigation hold), District auditor, or other individual authorized by the School Board or State or federal law to make such a request.

Unless its retention is required as described in items numbered 3 or 4 above, a public record, as defined by the Illinois Local Records Act, may be destroyed when authorized by the Local Records Commission.

### Copying fees

- Recommends a copying fee schedule to the Board from time-to-time as appropriate that complies with 5 ILCS 140/6, including the following:
  1. The copying fee, except when it is otherwise fixed by statute, must be reasonably calculated to reimburse the District's actual cost for reproducing and certifying public records and for the use, by any person, of its equipment to copy records. The costs of any search for and review of the records or other personnel costs associated with reproducing the records are not included in the fee calculation.
  2. Statutory fees applicable to copies of public records when furnished in a paper format are not applicable to those records when furnished in an electronic format.
  3. No fee is charged for the first 50 pages of black and white, letter or legal sized copies furnished to a requester.
  4. The fee for black and white, letter or legal sized copies shall not exceed 15 cents per page.

Does not provide any of these documents that are more than 4 years old. Provides the employee with written notice on or before the day any such document is released, unless notice is not required under the Personnel Record Review Act. 5 ILCS 140/7.5(q); 820 ILCS 40/7 and 40/8.

### Extension of time

- Identifies the need to extend the time for a response for any of the reasons stated in 5 ILCS 140/3(e)(i-vii), quoted below:
  - (i) the requested records are stored in whole or in part at other locations than the office having charge of the requested records;
  - (ii) the request requires the collection of a substantial number of specified records;

- (iii) the request is couched in categorical terms and requires an extensive search for the records responsive to it;
  - (iv) the requested records have not been located in the course of routine search and additional efforts are being made to locate them;
  - (v) the requested records require examination and evaluation by personnel having the necessary competence and discretion to determine if they are exempt from disclosure under Section 7 of FOIA or should be revealed only with appropriate deletions;
  - (vi) the request for records cannot be complied with by the public body within the time limits prescribed by paragraph (c) of Section 3 of FOIA without unduly burdening or interfering with the operations of the public body; or
  - (vii) there is a need for consultation, which shall be conducted with all practicable speed, with another public body or among two or more components of a public body having a substantial interest in the determination or in the subject matter of the request.
- Performs one of the following actions within 5 business days after receipt of the request:
    1. Notifies the person making the request that the District is extending its time for response for no longer than 5 business days from the original due date, and identifies the reason for the delay and the date on which a response will be made. 5 ILCS 140/3(e) and (f).
    2. Confers with the person making the request in an attempt to reach an agreement on an extended compliance date. The agreement must be in writing. 5 ILCS 140/3(e).

#### Unduly burdensome requests

- Confers with the person making an unduly burdensome request in an attempt to reduce the request to manageable proportions. A request may be unduly burdensome due, for example, to the request's breadth. Explains to the requester in writing when a request continues to be unduly burdensome specifying the reason why the request is unduly burdensome.

#### Requests for commercial purposes

- Handles requests for commercial purposes according to 5 ILCS 140/3.1. *Commercial purpose* is defined in 5 ILCS 140/2(c-10) as:
  - The use of any part of a public record or records, or information derived from public records, in any form for sale, resale, or solicitation or advertisement for sales or services. For purposes of this definition, requests made by news media and non-profit, scientific, or academic organizations shall not be considered to be made for a *commercial purpose* when the principal purpose of the request is (i) to access and disseminate information concerning news and current or passing events, (ii) for articles of opinion or features of interest to the public, or (iii) for the purpose of academic, scientific, or public research or education.
  - Responds to a request for records to be used for a commercial purpose within 21 working days after receipt. The response must be one of the following: (a) provide an estimate of the time required by the District to provide the records and an estimate of the fees, which the

requester may be required to pay in full before copying the requested documents, (b) deny the request pursuant to one or more of the exemptions, (c) notify the requester that the request is unduly burdensome and extend an opportunity to attempt to reduce the request to manageable proportions, or (d) provide the records requested.

- Complies with a request, unless the records are exempt from disclosure, within a reasonable period considering the size and complexity of the request, and giving priority to records requested for non-commercial purposes.

#### Denying a request

- Complies with 5 ILCS 140/9 by:
  1. Providing the requester with a written response containing: (a) the reasons for the denial, including a detailed factual basis for the application of any exemption claimed, (b) the names and titles or positions of each person responsible for the denial, and (c) information about his or her right to review by the Public Access Counselor (include the address and phone number for the Public Access Counselor), and to judicial review under 5 ILCS 140/11.
  2. Specifying the exemption claimed to authorize the denial and the specific reasons for the denial, including a detailed factual basis and a citation to supporting legal authority when the denial is based on the grounds that the records are exempt under 5 ILCS 140/7.
  3. Provides written notice to the requester and the Public Access Counselor, within the time periods provided for responding to a request, of the District's intent to deny the request in whole or in part under Section 7(1)(c) (personal information) or Section 7(1)(f) (preliminary drafts, notes, recommendations, memoranda, and other records in which opinions are expressed, or policies or actions are formulated). Includes in this notice: (a) a copy of the request, (b) the District's proposed response, and (c) a detailed summary of the District's basis for asserting the exemption. 5 ILCS 140/9(b).
- Retains copies of all notices of denial in a single central office file that is open to the public and indexed according to the type of exemption asserted and, to the extent feasible, according to the types of records requested. 5 ILCS 140/9.1.

#### Consults with the Board Attorney

- Consults with the Board Attorney:
  1. As necessary for legal advice concerning compliance with FOIA and responses to specific requests.
  2. For legal advice when communicating with or upon receiving communications from the office of the Illinois Attorney General or Public Access Counselor.

## Text from P.A. 96-542 containing some of the more utilized FOIA exemptions

### Section 7. Exemptions (5 ILCS 140/7)

- (1) When a request is made to inspect or copy a public record that contains information that is exempt from disclosure under this Section, but also contains information that is not exempt from disclosure, the public body may elect to redact the information that is exempt. The public body shall make the remaining information available for inspection and copying. Subject to this requirement, the following shall be exempt from inspection and copying:
  - a) Information specifically prohibited from disclosure by federal or State law or rules and regulations implementing federal or State law.
  - b) Private information, unless disclosure is required by another provision of this Act, a State or federal law or a court order.
  - c) Personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. "Unwarranted invasion of personal privacy" means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject's right to privacy outweighs any legitimate public interest in obtaining the information. The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.
  - d) Records in the possession of any public body created in the course of administrative enforcement proceedings, and any law enforcement or correctional agency for law enforcement purposes, but only to the extent that disclosure would:
    - (i) interfere with pending or actually and reasonably contemplated law enforcement proceedings conducted by any law enforcement or correctional agency that is the recipient of the request;
    - (ii) interfere with active administrative enforcement proceedings conducted by the public body that is the recipient of the request;
    - (iii) create a substantial likelihood that a person will be deprived of a fair trial or an impartial hearing;
    - (iv) unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative, law enforcement, or penal agencies; except that the identities of witnesses to traffic accidents, traffic accident reports, and rescue reports shall be provided by agencies of local government, except when disclosure would interfere with an active criminal investigation conducted by the agency that is the recipient of the request;
    - (v) disclose unique or specialized investigative techniques other than those generally used and known or disclose internal documents of correctional agencies related to detection, observation or investigation of incidents of crime or misconduct, and disclosure would result in demonstrable harm to the agency or public body that is the recipient of the request;
    - (vi) endanger the life or physical safety of law enforcement personnel or any other person; or
    - (vii) obstruct an ongoing criminal investigation by the agency that is the recipient of the request.
- f) Preliminary drafts, notes, recommendations, memoranda and other records in which opinions are

\*\*\*

expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body. The exemption provided in this paragraph (e) extends to all those records of officers and agencies of the General Assembly that pertain to the preparation of legislative documents.

- g) Trade secrets and commercial or financial information obtained from a person or business where the trade secrets or commercial or financial information are furnished under a claim that they are proprietary, privileged or confidential, and that disclosure of the trade secrets or commercial or financial information would cause competitive harm to the person or business, and only insofar as the claim directly applies to the records requested.
  - (i) All trade secrets and commercial or financial information obtained by a public body, including a public pension fund, from a private equity fund or a privately held company within the investment portfolio of a private equity fund as a result of either investing or evaluating a potential investment of public funds in a private equity fund. The exemption contained in this item does not apply to the aggregate financial performance information of a private equity fund, nor to the identity of the fund's managers or general partners. The exemption contained in this item does not apply to the identity of a privately held company within the investment portfolio of a private equity fund, unless the disclosure of the identity of a privately held company may cause competitive harm.

Nothing contained in this paragraph (f) shall be construed to prevent a person or business from consenting to disclosure.

- h) Proposals and bids for any contract, grant, or agreement, including information which if it were disclosed would frustrate procurement or give an advantage to any person proposing to enter into a contractor agreement with the body, until an award or final selection is made. Information prepared by or for the body in preparation of a bid solicitation shall be exempt until an award or final selection is made.
- i) Valuable formulae, computer geographic systems, designs, drawings and research data obtained or produced by any public body when disclosure could reasonably be expected to produce private gain or public loss. The exemption for "computer geographic systems" provided in this paragraph does not extend to requests made by news media as defined in Section 2 of this Act when the requested information is not otherwise exempt and the only purpose of the request is to access and disseminate information regarding the health, safety, welfare, or legal rights of the general public.
- j) The following information pertaining to educational matters:
  - (i) test questions, scoring keys and other examination data used to administer an academic examination;
  - (ii) information received by a primary or secondary school, college, or university under its procedures for the evaluation of faculty members by their academic peers;
  - (iii) information concerning a school or university's adjudication of student disciplinary cases, but only to the extent that disclosure would unavoidably reveal the identity of the student; and
  - (iv) course materials or research materials used by faculty members.
- k) Architects' plans, engineers' technical submissions, and other construction related technical documents for projects not constructed or developed in whole or in part with public funds and the same for projects constructed or developed with public funds, including but not limited to power

generating and distribution stations and other transmission and distribution facilities, water treatment facilities, airport facilities, sport stadiums, convention centers, and all government owned, operated, or occupied buildings, but only to the extent that disclosure would compromise security.

- l) Minutes of meetings of public bodies closed to the public as provided in the Open Meetings Act until the public body makes the minutes available to the public under Section 2.06 of the Open Meetings Act.
- m) Communications between a public body and an attorney or auditor representing the public body that would not be subject to discovery in litigation, and materials prepared or compiled by or for a public body in anticipation of a criminal, civil or administrative proceeding upon the request of an attorney advising the public body, and materials prepared or compiled with respect to internal audits of public bodies.
- n) Records relating to a public body's adjudication of employee grievances or disciplinary cases; however, this exemption shall not extend to the final outcome of cases in which discipline is imposed.
- o) Administrative or technical information associated with automated data processing operations, including but not limited to software, operating protocols, computer program abstracts, file layouts, source listings, object modules, load modules, user guides, documentation pertaining to all logical and physical design of computerized systems, employee manuals, and any other information that, if disclosed, would jeopardize the security of the system or its data or the security of materials exempt under this Section.
- p) Records relating to collective negotiating matters between public bodies and their employees or representatives, except that any final contract or agreement shall be subject to inspection and copying.
- q) Test questions, scoring keys, and other examination data used to determine the qualifications of an applicant for a license or employment.
- r) The records, documents and information relating to real estate purchase negotiations until those negotiations have been completed or otherwise terminated. With regard to a parcel involved in a pending or actually and reasonably contemplated eminent domain proceeding under the [Eminent Domain Act](#), records, documents and information relating to that parcel shall be exempt except as may be allowed under discovery rules adopted by the Illinois Supreme Court. The records, documents and information relating to a real estate sale shall be exempt until a sale is consummated.
- s) Any and all proprietary information and records related to the operation of an intergovernmental risk management association or self-insurance pool or jointly self-administered health and accident cooperative or pool. Insurance or self-insurance (including any intergovernmental risk management association or self-insurance pool) claims, loss or risk management information, records, data, advice or communications.

\*\*\*

- v) Vulnerability assessments, security measures, and response policies or plans that are designed to identify, prevent, or respond to potential attacks upon a community's population or systems, facilities, or installations, the destruction or contamination of which would constitute a clear and

present danger to the health or safety of the community, but only to the extent that disclosure could reasonably be expected to jeopardize the effectiveness of the measures or the safety of the personnel who implement them or the public. Information exempt under this item may include such things as details pertaining to the mobilization or deployment of personnel or equipment, to the operation of communication systems or protocols, or to tactical operations.

\*\*\*

- x) Maps and other records regarding the location or security of generation, transmission, distribution, storage, gathering, treatment, or switching facilities owned by a utility, by a power generator, or by the Illinois Power Agency.
- y) Information contained in or related to proposals, bids, or negotiations related to electric power procurement under Section 1.75 of the Illinois Power Agency Act and Section 16.111.5 of the Public Utilities Act that is determined to be confidential and proprietary by the Illinois Power Agency or by the Illinois Commerce Commission.

\*\*\*

\*\*\*

- b) Library circulation and order records identifying library users with specific materials under the [Library Records Confidentiality Act](#).

\*\*\*

- h) Information the disclosure of which is exempted under the [State Officials and Employees Ethics Act](#), and records of any lawfully created State or local inspector general's office that would be exempt if created or obtained by an Executive Inspector General's office under that Act.

\*\*\*

- q) Information prohibited from being disclosed by the [Personnel Records Review Act](#).
- r) Information prohibited from being disclosed by the [Illinois School Student Records Act](#).
