

*Safeware Insurance Policies have always provided Full Coverage that offers the ultimate protection from the unexpected.*

*Safeware now offers customers more options with an a la carte approach to electronics insurance. In addition to Full Coverage, customers can now choose Accidental Damage Only or Theft Only Coverage to protect their laptops, desktops, tablets, smartphones and other mobile devices.*

*These options allow customers who have already purchased other coverage types through the manufacturer to enhance their protection and ensure their device is fully protected when the unexpected happens.*
