

Student Technology Consent Form
For Boarding Students

MCI faculty work diligently to integrate technology into the curriculum to improve the student experience. We believe in educating our students about responsible computer use and have included our technology rules in Maine Central Institute's acceptable use policy and in the student handbook. Students are responsible for their choices when using computers on campus. These rules apply to all technology devices on campus including school-issued student iPads and other MCI computers as well as the use of MCI's servers, Internet access, and networks.

Your signature below indicates you have read and understand the acceptable use policy provided to you by Maine Central Institute and that you understand and accept the responsibility of theft, loss, or damage.

MCI will charge your child's emergency account \$55.00 as payment for I-Pad insurance provided by Safeware through Maine Central Institute. If an insurance claim is made, a \$15.00 administration fee will be charged to your child's emergency account.
