## Community Council

Present:

Susan Andrews

Emilie Wilding

Christine Brown

Cricket Longaker

Lori Becker

Missy Couser

Katie Grimm

### PICK UP PROCEDURES

-Principal Andrews has put in a lot of time and effort into keeping our kids safe! She first tried to see if we could make Island Drive a one-way but that was not approved. She has had the police in the area when school gets out; she has attended Kaysville city meetings; met with head of safety and talked with multiple principals in trying to figure out the best way to keep kids safe during pick up.

-Solution: All kids being picked up from school will exit in the front of the school. There is a green flag located at the crosswalk and all cars ahead of green flag can pick up kids. Cars behind the green flag will need to wait until they pull ahead.

-There are still a few people picking up behind school

-The new routine for pick up is taking about 15 minutes

### SIP GOAL #2

Goal will remain the same. SAGE will now be called RISE.

4<sup>th</sup> - 6<sup>th</sup> grade students will increase their writing benchmark score by 2% from beginning of year to middle of year.

### INITIATIVE #1

Discussed possible increase on gas tax...Legislature promises to use money saved and put it towards education. Everyone is encouraged to read and learn more in order to vote in November.
