PAT COMMENTS

Dining Commons

- Maintain access from parking - interior.
- Secure entries/exits.
- "Hybrid" lane control vs. nylon/temporary use for lane designations (removable).
- Dumpsters currently outside niche tall seating area (graphics/windows/etc.).
- Charging & data useful. 1:1 program. "Live" Monday.
- Stairway used but a hindrance. Prefer removal – test (blocked) fire drill in Oct.
- Consensus - Proceed with direction & initial design at Café - Option C.

Library

- New standards available (SBISD/Library).
- 15,900 current collection - not yet weeded.
- "Apple" tables to remain currently - consider size, location & permanence.
- 180 staff count.
- Operable partitions/areas for staff - LGI.
- Count & capacity of learning stair to be confirmed (+/- 60 as shown).
- Learning stair power & data desired.
- Scale & massing too much?
- Present & project at learning stair.
- Class sizes approximately 25-30 for flex space.
- Consideration - small outside "flex" may shift box to create 3.
- Small study spaces on end.
- Maximize 2 flex spaces for classroom.
- Maintain 2 large flex spaces at 2nd floor.
- Need 3rd - 2nd floor flex area (no walls – use for group/classroom).
- Consensus - Option D.

Plaza

- No dedicated/memorial items in courtyard. "Adopt" & care only each year.
- Plaza preferred over planter.
- Suspend-break up/define plaza vertically.
- Mix in some greenery - smaller scale.
- Ambush!
