Dear Parent/Guardian:

Tuesday, October 17, we will start our after-school academic support program designed to assist students in becoming successful. The focus of the program will be placed on the core subject areas; English, math, science and social studies. This program will assist students to make-up missing work, take tests/quizzes, improve understanding of concepts, and in general stay focused on their classes. The program is offered two days a week (Tuesday and Thursday) from 2:15 – 3:05 p.m. in the Troy High Media Center through June. Please refer to the back of this page for exact dates.

Please consider this additional academic opportunity for your child. If you would like your son/daughter to be involved in this program, please sign below and have your son/daughter return to Ms. Curth or call her office at 248/823-2847.
