## Winter 2019 Program Guide: After-School Classes

### January 7, 2019 to March 28, 2019

Dear Parents/Guardians,

The new year brings the start of our Winter After-School Classes. For this session, we welcome new partners such as WEBBY Dance Company, RepsUp Basketball, Seattle's celebrity magician Xakary, Kids Carpentry, and Mandarin classes! Popular and well loved classes such as Soccer, Karate, and Sewing are back as well.

Winter session is ten weeks long with Monday classes having nine and Friday classes having only eight. The exception is French, which goes through the Spring session with fifteen weeks of class. Please note there are no after-school classes the week of Parent Conferences (February 11-15), and Mid-Winter Break (February 18-22).

#### Registration Policy

- Processed online (including payment) via Eton School's website.
- Opens Monday, December 10, 2018 at 7:00 a.m.
- Closes when a class wait list is full or on January 11.
- Offered on a first come, first served basis.
- Wait lists for all full classes are created in the order received.
- Open places in classes roster are filled from the wait list in the order received.
- Upon completion of registration and payment, a confirmation email is sent to the person registering the student. If it does not arrive, please check junk mail/clutter folders.
- If registering for an open spot from the wait list, the registration must be completed within the stated time frame or else the place is offered to the next name on the wait list.
- If an enrollment minimum is not met, a class may be canceled after the registration deadline, and a refund is issued. All participants are informed of the class cancellation at the minimum of a week before the start of the class.
- No refunds are given for withdrawing from a class after January 11.

#### Tips for Quicker Registration

- Log in to Eton School's website before you register. This automatically completes the parent/guardian and student fields.
- Choose and rank the desired classes before registration opens and then quickly pick them once you are on the registration page.
- Complete all registration before the 10-minute limit expires. If you do not complete your registration with payment within the time frame, the spot is released.

If you have any questions, or if you have a class you want to be included in our program, please do not hesitate to contact our Auxiliary Program Coordinator, Sharon Gonzalez at (425) 881-4230 ext. 133 or [SGonzalez@etonschool.org](mailto:SGonzalez@etonschool.org).

Join Karate-X this year for awesome classes that are disciplined, challenging and fun! Students learn and practice Karate skills with punching bags, breaking boards, blocking drills, kicking targets and more! Karate-X has been teaching in the Puget Sound for 19 years, with a Martial Arts program specifically designed for preschool and elementary students. The professional instructors know how to motivate kids while building self-confidence and discipline. Belt rank testing is held at the end of each session, giving students goals to aim for and recognition of their accomplishments. For beginners who have never tried karate to athletes of any sport, Karate-X challenges and grows bodies and minds!

## Nature Storytelling (8 Weeks)

Grades P4 and K

Fridays (Jan. 11, 18, 25; Feb. 8; Mar. 1, 8, 15, 22)

Cost: \$150.00

Time: 3:15-4:00 p.m.

Number of Students: 12

As a storytelling and science class, this course allows students to explore their natural world. Each week focuses on a different plant or animal from the Northwest. The class begins with a song and then a spoken story, usually from a Native American nation. Then two or three books, both fiction and nonfiction, are read aloud. Short science lessons about the plant or animal studied that week are presented between stories. Through storytelling, music, movement, and science, students learn to connect with and understand our Northwest plants and animals, which often live in our backyards. At the end of each class, students receive a fact sheet from the lesson to take home, so that they can share what they have learned with their family.

## Young Rembrandts Drawing

Grades P4 and K

Tuesdays (Jan. 8, 15, 22, 29; Feb. 5, 26; Mar. 5, 12, 19, 26)

Cost: \$187.50

Time: 3:15-4:00 p.m.

Number of Students: 15

The long winter months can easily lead to boredom or restlessness. Alleviate any creative dormancy with a fun-filled Young Rembrandts class! We begin the season with a lesson that teaches our students about simple figure drawing as they create a snowman using basic geometric shapes. Winter-themed lessons like our mittens and penguin drawings will excite the imagination. Illustrations featuring a patterned giraffe and feathery owl will provide a great introduction to drawing animals. All these and more await your budding artist.

# Kindergarten Classes

## Chess (8 Weeks)

Grade K

Fridays (Jan. 11, 18, 25; Feb. 8; Mar. 1, 8, 15, 22)

Cost: \$200.00

Time: 3:15-4:00 p.m.

Number of Students: 16

In this class, students learn the basics of the game of chess. They start with how every piece moves and the goal of the game. In every lesson, students receive puzzles to help them learn the piece. There is plenty of practice with the coach as well as peers.

## Junior Engineers presented by Snapology (9 Weeks)

Grade K

Mondays (Jan. 7, 14, 28; Feb. 4, 25; Mar. 4, 11, 18, 25)

Cost: \$180.00

Time: 3:15-4:00 p.m.

Number of Students: 20

Young students in this class build fun and simple models using DUPLO® blocks. By playing with and manipulating the models, they experience pulleys, levers, gears, wheels, and axles. They learn how to combine these parts to create their machines and allow for their smooth and efficient movement. Children learn a wide variety of scientific ideas, ranging from measurement, to balance, buoyancy and energy. The class emphasizes the use of good teamwork skills. Students are required to do group planning and respect the opinions and ideas of their partners. Classes include free-building time to promote creativity.

## Kindergarten–First Grade Classes

### International Dance: Class I

Grades K and 1

Tuesdays (Jan. 8, 15, 22, 29; Feb. 5, 26; Mar. 5, 12, 19, 26)

Cost: \$375.00

Number of Students: 15

A bilingual, multicultural education opens doors and minds to the world. Paris Academy Northwest (PANW) offers a French language program for students who wish to get a head-start on French before high school and have fun while learning. Taught by an experienced teacher using a carefully designed curriculum introduces students to new vocabulary with correct pronunciation, the lessons are constructed around five elements (total physical response activities, songs, games, crafts and culture). Groups are organized by language level and age for better interaction.

## First–Third Grade Classes

### Art for Kids

Grades 1, 2, and 3

Thursdays (Jan. 10, 17, 24, 31; Feb. 7, 28; Mar. 7, 14, 21, 28)

Cost: \$162.50

Time: 3:20-4:20 p.m.

Number of Students: 15

Art for Kids School is delighted to bring their program to the students at Eton School. As an established after-school multimedia fine art program with a 30-year history of teaching fine art to children, their unique program is designed to provide an opportunity for children to explore and develop confidence in their creativity in a variety of materials. In an ongoing sequential program, students develop skills much like in ballet or piano lessons. Art for Kids School teaches techniques rather than expression. All instructors have fine art degrees and are passionate about art and teaching children. Their philosophy is all children have an innate ability to be creative. The creation of art is a process whereby there are no mistakes. All seeming mistakes can be changed into desirable results. We hope your children will enjoy our program.

### Chess

Cost \$365.00

Time: 3:20-4:20 p.m.

Number of Students: 8

WeDo 2.0 strengthens students' understanding of the eight science and engineering practices, including asking questions and solving problems, modeling, prototyping, investigating, analyzing and interpreting data, computational thinking, creating evidence-based arguments, and obtaining, evaluating, and communicating information. Students develop competencies through:

- Hands-on working and building robots.
- Learning basic programming, engineering, and design skills.
- Learning systematic problem solving and critical thinking.
- Bringing forth their own innovation and creativity.
- Having fun while working in a Team, managing time and making decisions while progressing to complete missions.

## First–Fifth Grade Class

### Kids Carpentry (9 Weeks)

**Grades 1, 2, 3, 4, and 5**

The LocalHOOPS Ballers Program is for all students of all skill sets. Sessions are designed in a way that novice students play side by side with more experienced students in a fun and nurturing environment. Fundamentals such as ball handling, passing, shooting and fun games like “poison” and “bump” are sure to be enjoyed. Special theme days are held where students will receive prizes based on their participation.

# ETON SCHOOL

## Vision

In educating the whole child, Eton School inspires creative, confident thinkers who have an enduring passion for learning and are poised to contribute to the world.
