## STONYHURST 425 CELEBRATIONS

Dear Members of the Stonyhurst Community,

As you know, this year marks the 425th anniversary of the founding of the original school in St Omer in 1593.

As such, we would like to make sure 2018/2019 is a special anniversary year, with events, celebrations, projects and reflections that are fitting tributes. We will seek to celebrate this year through a rolling and expanding programme of activities that involve all members of the Stonyhurst family.

In addition to the programme that is being devised by the Stonyhurst 425 Working Group, the Heads of the Line and Committee are working on a number of things that they will seek to add throughout the year, as will the pupils at SMH.

In the coming weeks we will announce the exciting programme of events and celebratory initiatives that will commemorate this significant milestone. We look forward to sharing our plans with you, along with details of how you can get involved, shortly.

Yours faithfully,

Stephen Withnell  
Director of Strategic Development

Stonyhurst College, Clitheroe, Lancashire BB7 9PZ
