Holiday
January 21, 2019

MESA Field Trip
February 1, 2019

AVID 11 Field Trip
February 25, 2019

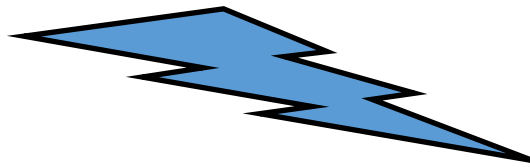

SPIRIT Week
February 25-March 1

School Mission

To provide a supportive, academically challenging environment where students are able to successfully complete 30-60 transferable college units in order to directly apply to a 4-year college.

Graduation

It's hard to imagine that we are already talking about graduation but it will be here before we know it. Currently, our seniors are working on attending Grad Night in Disneyland on May 10th and 11th. If you need information regarding Grad Night, please have your student contact any ASB officer for details. Costs are approximately \$329 per student.

WASC Accreditation

Western Association of Schools and Colleges is the accreditation association that reviews all schools in the 11 western states. In the Spring of 2017, Middle College High School received a 6 year accreditation with a 1 day review. This review will take place during the 2019/20 school year. The staff of MCHS has been working on our mid-term WASC review and hope to have the report completed by early next year. Please note that information is given to parents at each PTSA meeting throughout the school year.

School Safety Reminders

Having a school on a college campus creates unique safety concerns. Earlier in the school year, Delta College presented safety information to our students. Due to a couple of incidents during the year, students, please remember the following tips when attending school.

- ⇒ Walk in groups. Be aware of your surroundings in private areas (bathrooms) and other less populated areas (Parking lots)
- ⇒ Use the blue phones in an emergency
- ⇒ Have the college police line in your cell phone...954-5000
- ⇒ Move away from uncomfortable situations. Go to the office or find an adult immediately.
