Student Directory Information

Certain information about district students is considered directory information and will be released to anyone who has access to the public. MISD only releases your child's address and/or phone number under specific circumstances. Trustees adopted this policy to protect student and parent/guardian privacy. There is no need to complete any form unless you disclose directory information from your child's education records without your prior written consent, you must notify the district within 10 days following the first day of the school year or enrollment. Mesquite ISD has designated the following information as directory information:

- Name
- Photograph
- Video image
- Degrees
- Academic honors (such as commended performance on assessments)
- Honors and awards received
- Fields of study
- Grade level
- School of attendance
- Participation in officially recognized activities and sports, and
- Weight and height of members of athletic teams

NOTE: Under MISD Policy, student home addresses, e-mail addresses and phone numbers are NOT considered "directory information" unless the parent or guardian objects to the release of the directory information about the student. If you disclose directory information from your child's education records without your prior written consent, you must notify the district within 10 days following the first day of the school year or enrollment. Mesquite ISD has designated the following information as "directory information":

As a parent/guardian, you may request that MISD not release information considered to be "directory information" by completing and returning this form to your child's campus, your child's name, image, recognitions, etc., for sponsored purposes, including but not limited to publications, yearbooks, extracurricular activity programs, news reports, posters, videos and artwork displays.

*There are four exceptions under which MISD would release home address and/or phone number. They are:

- To companies under contract with the school district and that contract requires the release of the information
- To military recruiters for recruiting purposes only (per Federal law),
- To institutions of higher education (for recruiting purposes), and
- To other government agencies with a legitimate need to know.
