

# **Your Son's Health is Important to Us!**

## **MEDICAL FORMS**

Delbarton uses a digital healthcare information system called CAREDOX. Your son's profile must be updated in CAREDOX every school year, including an updated medical authorization in the event of emergency. Please schedule your son's physical exam for the 2019-20 school year **between February 1 and July 1, 2019**. All students in all grades must have all required medical forms uploaded to CareDox (along with all financial obligations from 2018-19) completed **before July 1, 2019** to receive 2019-20 class schedules and a Fast Pass link to order textbooks with free shipping.

## **SPECIAL NEEDS**

If your son has been diagnosed with asthma, diabetes or another condition that requires medication at school, enter this information in CAREDOX under "Medical Conditions" and upload the Asthma Action Plan or other medical care plan into the care plan section. We recommend that he keep extra medication in the Health Office.

## **ALLERGIES**

If your son has allergies, enter the information in the CAREDOX medical section and upload a completed "Food (or other) Allergy Plan" (FARE). We encourage all students with food allergies or special food needs to download the free Sage Dining Services app which offers weekly menus, ingredients and nutritional information. Contact Sage Dining Manager James DeSilvestri at (973) 435-0924 or S0069@sagedining.com if your son has special dietary needs not currently met by Delbarton foodservice options. Your son must ALWAYS carry his Epipen at school, on field trips and at extracurricular events. In addition, please share MD notes and a back-up Epipen with the Health Office.

## **MEDICATIONS**

An updated medication request form must be completed and uploaded on CAREDOX for each student every year to cover over-the-counter medications such as Advil and Tylenol. If your son takes a daily medication, please provide the nurse with a sufficient supply.

## **INJURIES AND CONCUSSIONS**

If your son has an injury or a concussion, please notify the nurse *immediately* and share any MD notes and recommendations. We are eager to help him fully recover. Delbarton carries secondary insurance that may cover costs not covered by your primary insurance.

Thank you for your cooperation, and please do not hesitate to contact me at [dmcauliffe@delbarton.org](mailto:dmcauliffe@delbarton.org)/(973) 538-3231 X3080 if you have any questions or concerns.
