

# Menu Advisory Board

October 18, 2017

## Agenda

1. Purpose of the Menu Advisory Board
2. Menu Likes/Dislikes
3. Menu Ideas
4. Online Menu/Menu App

## **Meeting Minutes:**

-Stephanie Reeves, Rhonda Carter, Susan Stahlman, Melanie Phillips, Kennan Dealy, Desiny Pinkston, Kim Smith, Anita Hutado, Joshua Cox, Tiffany Jones, Spencer Keith, and Edwin Olvera were present for the meeting.

-Kennan Dealy helped explain the purpose of Menu Advisory Committee. The focus of it being for people from within the district, parents and students to have input on the menus. It is also to make sure that the FSMC is providing and taking care of the districts needs as far as the food service program goes.

-Then input was given about things that were liked and things that would like to see changed or added. Some items that were mentioned that people liked were the pizza, the enchiladas, both regular and spicy chicken sandwiches, and the fresh fruit and salad bar that is offered. Some items that were suggested were more dressing choices, potentially switching up what vegetables are offered with some entrees, dried fruit possibilities, potentially different cereal options, and also looking at possible milk choices. Some items that were mentioned that were not liked or may be see changed were hamburger meat, BBQ beans, fresh apples (sometimes bitter), and oranges (look of them at the moment).

-The last thing that was discussed was the new online menu and new menu app. Discussed whether people liked it or not. If there were any challenges or things people were confused about. Overall, the new setup is well liked and accepted.
