

Lisle 202 Board of Education

Meeting Highlights

November 26, 2018

2018 Tentative Real Estate Tax Levy

The Board of Education reviewed 15 potential scenarios for the Real Estate Tax Levy and voted to tentatively approve the tax levy equal to Option 5, which includes the CPI levy with a partial debt service levy abatement in the amount of \$580,000. This abatement is expected to result in a slight decrease in next year's tax bill for the average homeowner.

Illinois Association of School Boards Conference Vote

The Illinois Association of School Boards held a conference in November. The delegates discussed school safety and gun carrying in school districts legislation. Legislation as presented did not pass. IASB is not supporting weapons carried by staff members in a school building. A suggestion was presented to the IASB to lobby for state and/or federal funding to have a School Resource Officer in every school building.
