Barre City School Board
Barre, VT

Hello,

My name is Andrew J McMichael. I writing with my intent to serve on the Barre City School board. I was told there was an opening by Lucas Herring.

I have two boys in elementary school now and I would like to be more involved in their education. My oldest has special needs and I have seen the challenges that can make. I have seen some incredible teachers step up and make huge positive changes in his education and I have seen the struggles. I want to help ensure every child has every opportunity possible.

7.4 Financial Report
A copy of the BCEMS Expense Budget Status Report (dated 06/06/16) was distributed. Mrs. Spaulding cautioned that the report does not include the revenue component, thus, more information is necessary to complete analysis. Additional information should be available for the June 23, 2016 meeting. Mr. Carrien would like the revenue report included in the meeting packet so that projections can be made.

8. Round Table/Future Agenda Items
Mrs. Spaulding advised that the Board does not usually meet in July. The Board agreed not to schedule a Regular Meeting for July 2016. It was noted that any potential new hire contracts could be signed by the Board Chair. The next meeting is scheduled for August 8, 2016.

9. Executive Session
9.1 Personnel
9.2 Student
9.3 Contract
9.4 Labor Relation Agreements
Items proposed for discussion in Executive Session include Personnel Matters, Student Matters, Contracts, and Labor Relation Agreements.

On a motion by Mr. Smith, seconded by Mr. Cecchinelli, the Board unanimously agreed to find that premature general public knowledge of the items proposed for discussion (Contracts and Labor Relation Agreements) would clearly place Barre City Elementary and Middle School at a substantial disadvantage should the discussion be public.

On a motion by Mrs. Chadderton, seconded by Mr. Blakely, the Board unanimously voted to enter into Executive Session at 7:02 p.m. under the provisions of 1 VSA section 313 to discuss the items proposed for discussion.

Additions and Deletions to the Agenda
Chad asked to have item 5 moved up before items 3 and 4. John announced that were folders for each Board that needed signatures for Revenues Anticipation Notes (for borrowing needed before tax money comes in).

VSBA Facilitated Discussion
Harry Frank, VSBA representative, outlined what the evening would look like. He also referenced the State Statute, Title 16, section 261 that speaks to the Board’s role as it relates to curriculum. He asked each board member to introduce themselves, tell which Board they serve on and how many years they have served and the thing they most like about their school. Harry outlined what he thought were themes that folks outlined. They were: pride, staff, success, personalized attention, and fiscal responsibility.

He then asked to have the group break up into four small groups to discuss the following:
What do we know about the way that students learn?
What do you want your students to know and be able to do?
How will the Board enable the school system to achieve those ends?
Identify common goals for student learning and Board work.

Group Work Results:
Group 1:
Be able to access information
Support teachers and learning

Group 2:
We want our kids to know how to know
Ask students what defines success

Group 3:
Caring persons/good citizens
Supporting every child/all kids count

Group 4:
Problem solving/perseverance  
Baseline of skills that are monitored  
Understand and use technology  
Be able to function in society  
Support personal based learning  
Communication  
Support adequate budget and resources  
Support and build relationships/mentoring/internships

John spoke to the documents that were included in the Board packets. They include mission vision statements for each school as well core values, beliefs, and learning expectations for each school. Frank asked folks to review those and to each state what words or phrases are most important to each member. The resulting themes were:

Social Agency  
Personal responsibility  
Problem solving and reflection  
Child centered/inclusion  
Teachers/students/parents  
Community emphasis  
Global learner and accountability  
Sprit/take risks/provide support  
Creativity/confidence/ethical/empathy  
All students can succeed/uniqueness  
Learning how to learn/learning best by doing  
Students learn at different rates  
Respect and dignity/nurturing environment

Time was running short so Harry suggested that John pick out the one to three pieces that are most essential for the Boards to work on. He will return in October and February to follow-up on what was discussed in the training.

**BSU minutes**
Joe moved to approve the minutes of the May 17th BSU meeting. Guy seconded the motion. Motion passed with no abstentions or dissentions. John reminded folks that we will meet on July 21st.

**Superintendent’s report**
John referenced the report he had included in the packet. He asked if there were any questions. He did update the Act 46 timeline and shared what the board membership may look like. It is leaning towards a nine member board with 3 from Barre, three from Barre Town, and three at large. He highlighted some of the details in the latest labor relations/custodial agreement. That looks like will be ratified in the next few days.
Adjourn
Brent moved to adjourn the BTEMS meeting, Kristin seconded. Motion was approved.
Joe moved to adjourn the SHS/CVCC meeting, Tony seconded. Motion passed.
Jim moved to adjourn the BCEMS meeting, Sonya seconded. Motion passed.
Carlotta moved to adjourn the BSU meeting, Guy seconded the motion. Motion passed.

Highly Qualified Status
I am NCLB "highly qualified" in mathematics and science.
Dear School Board member and Superintendent,

I am writing to notify your school district(s) of an opportunity to request that the VEHI bylaws be amended by vote of the VEHI membership (participating school districts) this fall. The current bylaws provide that VEHI is governed by a five (5) member board: three (3) members who are elected by VEHI's members (with few exceptions, Vermont public school districts) and two (2) members appointed by the Vermont chapter of the National Educational Association (VT-NEA).

For reasons that became obvious over the past year relating to decisions surrounding the new VEHI Plans, I and many other school board members strongly believe that the Vermont School Boards Association (VSBA) should have a formal seat on VEHI Board. With VT-NEA—a union advocacy organization—the teachers' union has a formal voice and vote on the VEHI board. VSBA, the advocacy voice for Vermont school boards, should have a similar formal voice and vote on the VEHI board. One VT-NEA member's term on the board expires in October of 2016. Going forward, that seat should be designated as a seat to be filled by VSBA rather than VT-NEA.

The members of VEHI have authority to amend the bylaws to provide for the replacement of one VT-NEA representative with a representative from the Vermont School Boards Association (VSBA). For this to occur, ten percent (10%) of the current members (constituting about fifty (50) votes) must request that an appropriate bylaw amendment be submitted to VEHI's members at a special or annual meeting. If this vote does not occur prior to October 21, 2016, one of the two incumbent VT-NEA members may claim entitlement to a new six (6) year term.

Your district is a member of VEHI and entitled to vote for this change if you are a member of either the VEHI health and/or dental program. **Important: If you are a member of both the health and dental programs, your district is entitled to two votes and may sign the attached petition twice.**

Attached to this letter is a petition to amend VEHI's current bylaws to accomplish a change to the VEHI board that will eliminate one VT-NEA seat from the VEHI board and replace it with a VSBA representative. If your school district, acting through a vote by its elected school board, supports submission of this proposed VEHI bylaws change through a vote of VEHI's members at a meeting of the membership, please have the individual authorized to act on behalf of the district on VEHI matters sign the attached petition.

**Important:** If there has been a change in who is designated/authorized to act on these matters since last reported to VSBIT, be certain to update VSBIT about who is presently authorized to act/sign on behalf of the district, and insure that that individual is the person who signs the petition, be it the superintendent, a board member or HR or business manager.

**Please promptly send signed petitions to me at: Rick Scott, 1276 Swinton Road, Bridport, Vermont 05734.**

It is our goal to have as many petitions as possible submitted. All petitions should be submitted no later than August 24th to ensure they will be considered at the August meeting of the VEHI Board. If you have any questions please feel free to contact me.

Thank you,

*Rick Scott*

VEHI Bylaw Petition

Why change is needed now.

A. As presently structured, one superintendent, one business manager and just one school board member sit on the VEHI board. They do not represent their school districts or any organization. Vermont-NEA has two seats on the VEHI board, and anyone reading board minutes and notes from the past year will clearly see that the VT-NEA representatives are primarily concerned with protecting the collective bargaining interests of their members, not the broader goals and interests of the VEHI trust and its member districts.

B. Given the make-up of the current, five (5) member VEHI board, the two (2) VT-NEA representatives need only convince one other board member to the union’s viewpoint to bring about actions that are detrimental to Vermont school districts.

C. The decision in January of 2016 by the VEHI board to usurp local board authority and designate a VEHI “default plan,” underscores the need for a VSBA advocacy role on the VEHI board. In addition, the VEHI board’s decision to designate the costliest plan with the richest benefits as its default plan, further underscores the need for a VSBA voice and vote on the VEHI board going forward.

D. If VEHI has an advocacy organization on its board, namely VT-NEA, whose responsibility is obviously to represent dues paying members of the teachers’ union, then the advocacy organization representing school board members, the VSBA, should have similar status and authority on the VEHI Board.

E. Management alone has the responsibility for providing health plans for school employees, and it also pays the highest proportion of premium payments. Vermont-NEA has no such role or responsibility. Thus, management representatives should have an even stronger presence on the VEHI board.

F. The term one of the two VT-NEA seats expires at the end of October 2016, which makes this the most logical time to modify the VEHI Bylaws and designate that vacant to be a VSBA seat going forward.
The undersigned members of the Vermont Education Health Initiative hereby petition the VEHI board to hold a special meeting of its members on October 21, 2016 to act on the following amendment of the VEHI bylaws, which were last amended on June 11, 2013:

Article III – BOARD OF DIRECTORS

2. NUMBER, TENURE AND QUALIFICATIONS.

The number of directors of the Corporation shall be five (5). Three (3) directors who shall be either school board members, superintendents or, with the authorized approval of the applicable governing board, a school district or supervisory union business manager. Two (2) One (1) directors shall be either staff or directors of the Vermont National Education Association. One (1) director shall be either staff or directors of the Vermont School Boards Association. Each director shall serve a term of office of six (6) years, except that the directors elected by the members at the first annual meeting of the members shall serve the following terms: one (1) Group A director shall serve a term of office of one (1) year; one (1) Group A director and one (1) Group B two (2) directors shall serve terms of office of two (2) years; and one (1) Group A director and one (1) Group B two (2) directors shall serve terms of office of three (3) years. Directors shall be elected or appointed as provided for in the Corporation’s Articles of Incorporation and these Bylaws.

Role and Adoption of School Board Policies

1. POLICY

It is the intent of the Barre Supervisory Union Board to outline direction and goals for the successful consistent and efficient operation of the Supervisory Union and member district schools through the adoption of policies. Supervisory Union and school district policies will be in compliance with Vermont and federal law and regulations.

2. DEFINITIONS

Policies are principles adopted by the school board to chart a course of action. Policies should be broad enough to indicate a line of action to be followed by the administration in meeting a number of problems; narrow enough to give clear guidance. Policies are guides for action by the administration, who then sets the rules and regulations to provide specific directions to school district personnel.

Procedures (also referred to as rules or regulations) are developed by the Superintendent, his or her designee, or school administrators to provide for the management of the schools by describing how tasks will be carried out and board policies will be implemented.

3. SU POLICY DEVELOPMENT

In order to ensure efficient development and implementation of school board policies in the Supervisory Union, the Supervisory Union Board, or a subcommittee thereof, will determine when school board policies in the Supervisory Union should be developed or revised. The Superintendent or designee will assist the Supervisory Union Board in determining the need for policy development or revision in specific areas and will advise the Supervisory Union Board and member boards within the Supervisory Union on policy content. Comment and information may be sought in areas such as the following:

a. The specific need for the policy
b. The scope of the policy with regard to establishing appropriate roles for the board and the administration
c. The effect of the proposed policy on administrators, students, teaching staff and the community
d. Samples of similar policies of other boards
e. Applicable provisions of state and federal law
f. The anticipated costs and benefits of implementing, enforcing and evaluating the proposed policy

4. SU POLICY ADOPTION

Policies will be adopted by the BSU Board using the following steps:
   a. The policy is developed or revised by the BSU Policy Committee
   b. A 1st Reading is passed by the BSU Board
   c. A 2nd Reading/Adoption is passed by the BSU Board

5. DISTRICT POLICY DEVELOPMENT

When the Supervisory Union Board has adopted a policy for distribution to the member boards of the Supervisory Union, the policy will be distributed by the Superintendent for consideration by each member board. The adopting board will seek appropriate public comment and administrative guidance as it considers proposals for policy development or revision. Comment and information may be sought in areas such as the following:
   a. The specific need for the policy
   b. The scope of the policy with regard to establishing appropriate roles for the board and the administration
   c. The effect of the proposed policy on administrators, students, teaching staff and the community
   d. Samples of similar policies of other boards
   e. Applicable provisions of state and federal law
   f. The anticipated costs and benefits of implementing, enforcing and evaluating the proposed policy

6. DISTRICT POLICY ADOPTION

After consideration of the comments and information provided by interested individuals, the adopting board may adopt or revise a policy developed by the Supervisory Union Board. A policy may be adopted at a regular or special meeting of the school board, after the board has given at least 10 days prior public notice of its intent to adopt the policy and has stated in its notice the substance of the proposed policy. Policies will be adopted by the district boards using the following steps:
   a. The Superintendent or designee sends the policy to the district Policy Committee.
   b. The district policy committee reviews the policy and brings it to their district board.
   c. A 1st Reading is passed by the district board.
   d. A 2nd Reading is passed by the district.
      - The policy is “Ratified” by the district if it is identical to the BSU Policy
      - The policy is “Adopted” by the district if it has been modified in substance from the BSU Policy
e. Any related district policies which have now become obsolete should be recommended by the district policy committee to be rescinded by the district board.

7. POLICY DISSEMINATION, ADMINISTRATION & REVIEW

7.1 Dissemination When policies are adopted, the Superintendent will publish and make them available to the public, students, and school personnel. A copy of the school policy manual will be available during the normal working day in the office and/or library of each school within the Supervisory Union. A school policy manual will be available on the school website. The student handbook will include board policies related to student activities and conduct. The teacher handbook will include board policies related to teachers' responsibilities.

7.2 Administration Policies will be administered through procedures and directives of the Superintendent, administrators and members of the management team.

7.3 Policy Review The superintendent will advise the Supervisory Union Board when revisions to adopted policies are required or otherwise appropriate. In addition, the BSU Board, or subcommittee thereof, will develop a policy review schedule to ensure that all policies are reviewed at least once every five years and, if necessary or appropriate, revised or repealed in response to changing legislation or other altered circumstances.

8. NON-SUBSTANTIVE CHANGES

For policies that have already been warned and adopted, if formatting and/or non-substantive changes are needed to ensure consistency in the policy manual and/or grammatical expedience, those corrections can be made and voted on for adoption without a first and second reading.

9. DUPLICATE POLICIES

When in the process of revising policies and duplicate policies exist, the district or SU will operate on the newest approved policy until older policies can be rescinded.

GRADE ADVANCEMENT: RETENTION, PROMOTION, AND ACCELERATION OF STUDENTS

Policy

A goal of the Barre Supervisory Union #61 is for each student to progress in his or her educational program by reaching a standard of achievement necessary to progress from grade to grade.

Definitions

“Acceleration” is the advancement of a student by more than one grade beyond the current grade level.

“Promotion” is the single grade step most students take from year to year.

“Retention” allows a student to repeat all or part of a grade in order to more fully prepare for the work of the next grade.

Promotion, retention and acceleration decisions will be based on the extent to which a student is meeting the standards established by the Vermont Framework of Standards and Learning Opportunities as well as other relevant factors, including social, emotional, physical and mental growth, past academic performance, behavior, motivation, and attendance.

Implementation

The principal/director will develop rules to implement this policy that will specify a process for determining the promotion, retention or acceleration of individual students.

Meeting Minutes
June 23, 2016

Board Members Present: Jim Carrien (Committee Chair), Michael Deering
Staff Present: James Taffel, Lisa Perreault

The meeting was called to order by Mr. Carrien at 5:34pm.

There were no additions or deletions to the agenda.

There was no public comment.

Upon motion (Deering/Carrien) duly adopted, the committee voted unanimously to approve the minutes from the May 3, 2016 meeting as presented.

The year-end financial projection indicated a deficit of $55,201. This is mostly attributed to increased SPED reimbursable expenses. Mr. Carrien did question why property insurance was $19,500 over budget. Mrs. Perreault agreed that this did not appear correct and the nearly $27,000 of encumbrance on that line may be an error. Mrs. Perreault will let Mr. Carrien know. If this is the case, the deficit may be cut in half. We are also waiting on a more firm reimbursement figure for SPED. This will not be known until the year closes. A more clear projection will be provided at the Board meeting in August.

The committee continued their discussion from last meeting on whether the Board is required to and/or should continue posting regular Board meeting agendas in the Time Argus. VSBA noted that regular Board meeting agendas are not required to be posted in news media, but are required for any special or emergency meeting. The committee recommends that we discontinue sending agendas for regularly scheduled meetings to the Times Argus in an attempt to shave off approximately $1000 from the budget. Per statute we would continue sending agendas to the newspaper for special and emergency meetings.

The committee reviewed the current and proposed adjustments for substitute rates. These rates were adjusted more than 10 years ago. The committee agreed that an increase in rates is needed, but would like more information at the next Board meeting.

There will be no committee meeting in July. The next meeting will be August 25 at 5:30pm.

No other business.

Upon motion (Deering/Carrien) duly adopted, the committee voted unanimously to adjourn at 6:02pm.

Respectfully submitted,
