

ACT 46 Public Forum

October 20, 6 pm SHS Chorus Room

Come and learn how

Consolidating the Barre City and Barre Town school districts will provide better coordination of services and programs

Operating more efficiently will mean a better education for our students without an increase to taxpayers to reach the same goals

A single unified board will be able to look at and prioritize the needs of the entire district in areas such as technology and facilities

Unifying our districts will continue the coordination of Special Ed services to best address the needs of our students with disabilities
