Understanding Each Admission Requirement

Student Application

Completed by the student applicant, this form allows the Admission Committee to learn more about your background, interests, and desire to attend Northwest Catholic High School.

Official School Transcript

Your school should submit an official transcript that includes your courses and grades from your previous school year as well as grades from your two most recent school years. Your parent or guardian must complete the Record Release Form and bring it to your school. The record release form is available at www.northwestcatholic.org/recordrelease. A record release form will also be emailed to you once the application is completed.

Standardized Test Scores

Your school should send a copy of any standardized test results from tests you completed while in middle school. This may include SBAC or IOWA tests. If your school does not administer standardized tests, you may skip this requirement. **Transfer applicants for Grades 10 and 11 must submit test results taken within the past 2 years from one of the following: HSPT, SSAT, PSAT, SAT, or ACT.**

Principal/Guidance Counselor Recommendation

This form should be submitted to the school official who is responsible for preparing and releasing student records, typically the guidance counselor or the school principal. This recommendation will provide the Admission Committee with a summary of your school history and academic performance. You will be able to send this form electronically to the school official when you complete your application. There is a printable version on the Northwest Catholic Website. If you hand the person a printed version, please provide a stamped envelope addressed to the Northwest Catholic Admissions Office.
