DRAFT
BARRE TOWN MIDDLE AND ELEMENTARY SCHOOL
FINANCE COMMITTEE MEETING
Barre Town Middle and Elementary School Library
May 16, 2018 – 6:00 p.m.

MINUTES

COMMITTEE MEMBERS PRESENT:
Jay Paterson – Chair
Chris Hull

BOARD MEMBERS PRESENT:
Alice Farrell
Victoria Pompei

ADMINISTRATORS PRESENT:
Scott Griggs, Principal
James Evans, Facilities Director
Jennifer W Nye, Principal
John Pandolfi, Superintendent – arrived at 6:39 p.m
Erica Pearson, Assistant Principal
Lisa Perrault, Business Manager

EX-OFFICIO MEMBERS ABSENT:
Donna Kelty

GUESTS PRESENT:

1. Call to Order
The Chair, Mr. Paterson, called the Wednesday, May 16, 2018, Finance Committee meeting to order at 6:01 p.m., which was held at the Barre Town Middle and Elementary School Library.

2. Additions and/or Deletions to the Agenda
None.

3. Visitors and Communications
None.

4. Administration
4.1 Review/Approval March 21, 2018 Committee Meeting Minutes
The Committee agreed by consensus to approve the Minutes of the March 21, 2018 Finance/Facilities/Transportation Committee meeting.

5. Finance
5.1 Financials/Year-end Projections
Mrs. Perrault advised that she has made adjustments and updated the year-end projection. There is an unaudited year-end projection of a deficit in the amount of $113,439. Items of significance are noted (by line item number) at the end of the Expenditures/Year-end Projection Report. Mrs. Perrault advised regarding her conservative projection for the unassigned Fund Balance ($130,000). This projection includes a reduction of $500,000 (assigned for FY18) and the reduction of $100,000 (assigned for FY19). In response to a query regarding staffing changes, Administrators advised that they will not be hiring 2 Special Education positions, which will lower the BSU Assessment. Mrs. Perrault advised that the BSU has signed on for the new Fiscal Management System. $50,000 had been budgeted (at the SU level) for this new system but Ms. Perrault has been advised that the State will be covering the expense. Mrs. Nye believes that the projected deficit is fairly conservative and feels confident that not all of the projected expenses will occur.

Revised copies of the Projected Comparative Tax Rate Calculations Report were distributed. Ms. Perrault advised that the latest news from the legislature is that the yield has increased, which will result in a decrease in the tax rate (from 1.49 to 1.46). Ms. Perrault answered questions from the Board and Administrators and advised that she will have a better sense of the year end picture, as it gets closer to 06/30/18.
DRAFT

6. Facilities

6.1 Update/Summer Projects

A document titled 'BTMES FY19 RFP Schedule, Facility Projects, etc ...Summer 2018 – 5/16/18' was distributed. Updates were provided for each of the projects listed.

- #1 – RAN - The RAN will be presented to each Board in June. The BSU is working with Community Bank for the RAN.
- #2 – Copiers - The Copier contract has been finalized.
- #3 – Flooring – Replacement of carpet with tile is ongoing. Additional rooms will be completed this summer. With the exception of room 181, there is no asbestos abatement required. The additional cost for room 181 is approximately $2000.
- #4 – Exterior Door – One exterior door will be replaced by Portland Glass.
- #5 – Roof Top AC – One roof top unit will be replaced – Mr. Evans has selected the one in most need of replacement.
- #6 – Roof – The B wing has some issues with failing seams. Seams will be repaired, which will help delay total roof replacement of that wing.
- #7 – Wood chips/Oil/Propane - This item will be going out to bid. A 2 year BSU-wide contract is being considered.
- #8 – Flooring – No action is necessary. There is one year remaining on the current contract.

Mr. Evans reminded the Board that as they begin the budget process, they should be thinking of adding to the Capital Improvement fund on an annual basis. The $80,000 annual maintenance budget is not sufficient to cover the number of projects that need to be completed. Mr. Evans suggested that an architect be hired to perform a study regarding deferred maintenance, and draft a schedule for a long-term plan. Additional information will probably need to be provided to the architect regarding anticipated needs and wants.

Mrs. Perreault provided a brief overview of the possible relocation of CVCC. If CVCC moves, much needed room will be opened up (at SHS) to accommodate Special Education Programs.

A document titled ‘Barre Supervisory Union – 5 Year Facility Plan’ was distributed. Mr. Evans provided a brief overview of the document, noting that information will be going out to bid. An additional cost for room 181 is approximately $2000.

6.2 Update/Summer Projects

A document titled ‘Transportation Update as of 5/16/18’ was distributed. Ms. Nye advised regarding a recent meeting and subsequent discussion with Terri Murray. It is hoped that a fourth mid-day run can be implemented next year. Routes for next year’s pre-school students are being planned. VersaTrans software is being utilized to plan middle school routes to be as efficient as possible. Congregated pick-up/drop-off spots are being contemplated, with student safety being the primary consideration. It is hoped that pre-school students can be spread out to all the Brun buses, though that does require that a rider be on each bus. Ideally, there will be an adult rider on all buses (A and D). Administrators would like to consider providing transportation to summer school students. BTMES students travel to BCEMS for summer school. Summer school transportation has not been included in the 2019 budget, but should be considered when developing the 2020 budget. The cost of transportation would be approximately $1750. It was noted that Title I money cannot be used for transportation costs associated with non-special education students. In response to a query, it was noted that approximately 75 students are recommended for summer school, though only 30 – 35 attend. In response to a query, Ms. Nye advised that she will need to perform some research regarding trends for students attending summer school. It was suggested that summer school attendance may increase if transportation is provided. It was reported that the bus evacuation drills have been performed. One more evacuation drill is slated for May. Ms. Nye is pleased that the use of contracted services has eliminated last year’s issue of bus cancellations. It was noted that bus arrival is timely than it was a few months ago. The Williamstown bus is usually the late bus. Two para-educators stay late to supervise students who are waiting.

8. Next Meeting Date and Agenda

The next meeting date and Agenda Items were not discussed.

9. Adjournment

The Committee agreed by consensus, to adjourn at 6:58 p.m.

Respectfully submitted,
Andrea Poulin
