2. The present value of each eligible department chair's retirement compensation as of June 30, 2003 shall be calculated using assumptions set forth below based on (i) actual sick leave as of June 30, 2003 plus projected sick leave to earliest retirement date, and in no event more than 75% of the department chair's contracted work days; (ii) projected years of service with Carmel Clay Schools at earliest retirement date; (iii) earliest retirement will be after meeting all of the following (a) completion of 15 or more years of ISTRF service; (b) employment in a certificated position with Carmel Clay Schools for the complete 10 consecutive years preceding retirement; and (c) eligibility for ISTRF retirement, which is the earlier of at least age 65 plus at least 10 years of service, at least age 60 plus at least 15 years of service, or at least age 55 with age plus years of service equal to at least 85. A department chair whose buyout percentage for accumulated sick leave would have increased under the prior plan by June 30, 2004, will receive the additional percentage of accumulated sick leave, if the department chair is still employed as a department chair by the Carmel Clay Schools through the 2003-2004 school year.
3. The present value amount will be deposited into a 401(a) plan account for the given department chair. the value were not paid into a tax deferred plan account; and (d) that the value shall not include the equivalent of the employer's and employee's ISTRF contributions as each would have applied if the value were not paid into a tax deferred plan account.

4. Immediately following the buy out, all affected department chairs will retain accumulated sick leave in excess of the number of days bought out, if any, and all department chairs will continue to accrue sick leave in accordance with sick leave provisions in the Department Chairs' Benefit Program booklet.
5. The given department chair's 401(a) account shall vest once the department chair has met all of the following: (a) completion of 15 or more years of ISTRF service, (b) employment at Carmel Clay Schools in a certificated position for the complete 10 consecutive years preceding retirement, and (c) attainment of age 50. A department chair's bought out sick leave days will be restored in the event the department chair separates from employment prior to meeting all the vesting requirements and, thus, forfeits his/her claim to his/her 401(a) account.

To be eligible for the retirement compensation, the Department Chair must submit a letter of resignation to the Superintendent not later than ninety (90) calendar days prior to the date of retirement. This requirement may be waived by the Superintendent.
