

ROEDEAN

***Mini Bus Service
Pupil Code of Conduct***

All pupils must wear seat belts at all times and it is the driver's responsibility to ensure that pupils are secure before a journey commences.

Pupils should only be allowed to sit in the front seats of the minibus when all other seats are occupied, apart for medical reasons (travel sickness).

No pupil is allowed access to the on-board telephone or Bluetooth facility at any time.

Pupils are expected to comply with all reasonable requests from the driver relating to their own Health & Safety e.g. if the driver requires noise levels to be reduced, windows to be closed etc. then that authority rests solely with the driver and is absolute.

All pupils are expected to remain courteous and polite at all times.

I have read and understood the Mini Bus Code of Conduct Contract, as above

Should I infringe any aspect of this code of conduct, I may be subject to the curtailing of my use of the mini bus service – at the Headmaster's discretion.
