Cost: \$35 (plus "School's Out" - \$55)

Min. 6, Max. 18

Join us to explore the science of weather! In this hands on club, we will follow the scientific method to conduct experiments and learn about the weather. We will make magic snow, mix up a cloud in a jar, and make it rain! We will create an ice rainbow and make it snow in a jar. Students will make a tornado, freeze bubbles, and conduct temperature experiments on homemade, 100% organic, sugar-free hot chocolate. Who knew science could be so yummy and fun! What do you predict? Will all of our hypotheses prove to be true?
