

Charter School, Inter-District Magnet School, and Regional Vocational Agricultural Centers

Students with disabilities, who attend charter schools, interdistrict magnet schools and regional vocational agricultural centers retain all rights under IDEA. For students with disabilities who are enrolled in any of these public choice programs, the LEA of residence (our District) will convene the planning and placement team (PPT) meeting for such student and invite representatives of the choice program to attend the PPT.

The responsibility for ensuring the provision of services to students in any of these choice programs belongs to the school in which the student is enrolled. If a student is attending a charter school, the District will discuss with representatives of the charter school how the services will be provided (by charter school staff or District staff). The District will pay the charter school, on a quarterly basis, an amount equal to the difference between the reasonable costs of special education and related services and the sum of the amount received by the charter school from federal, state, local and private sources calculated on a per pupil basis.

In the case of a student attending an interdistrict magnet school, the District shall pay the interdistrict magnet school an amount equal to the difference between the reasonable cost of special education and related services and the sum of the amount received from federal, state, and local and private sources calculated on a per pupil basis.

In the case of a student attending a vocational agricultural center who resides in our District, our District is responsible for the costs of special education and related services.
