

## **Present Levels of Academic and Functional Performance**

Present Levels of Academic and Functional Performance include a description of how a student is currently performing in many important academic, behavioral, vocational and adaptive areas. In addition, Present Levels of Academic and Functional Performance include a description of strengths, concerns and needs that require specialized instruction and a description of how the student's disability impacts their involvement and progress in the general education curriculum (the same curriculum as for nondisabled children) or appropriate preschool activities. The Present Levels of Academic and Functional Performance directly ask for parent and student input and concerns as part of the planning process.
