

Physical Education

The IEP will specify the physical education services for the student. Physical education services, specially designed if necessary, are made available to every student with a disability receiving a free, appropriate public education in our District. Each student with a disability has the opportunity to participate in the regular physical education program available to nondisabled students. This is the case unless the student is enrolled in a separate facility or the student needs specially designed physical education as prescribed in the student's IEP. Students enrolled in a separate facility receive appropriate physical education services, including specially designed services, if necessary.
