

## **Measurable Annual Goals and Short-Term Objectives**

Measurable annual goals and short-term objectives are in the IEP and relate to meeting:

- the needs that result from the student's disability to enable the student to be involved in and progress in the general curriculum (i.e., the same curriculum as for nondisabled students) or for preschool students, as appropriate, to participate in appropriate activities; and
- the other educational needs that result from the student's disability.

In order to determine on a regular basis whether the student's short-term objectives are achieved, the District includes additional information in the IEP: performance criteria; evaluation procedures; evaluation schedule; and a statement of how the student's progress toward the annual goals will be measured.
