## **Consultation with Representatives of Private School Students**

---

To ensure timely and meaningful consultation, our District will consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for these children regarding the following:

- The child find process including how parentally placed private school children suspected of having a disability can participate equitably and how parents, teachers, and private school officials will be informed of the process;
- The determination of the proportionate share of the federal funds available to serve parentally placed private school children with disabilities including the determination of how the proportionate share of those funds was calculated;
- The consultation process among our District, private school officials, and representatives of parents of parentally placed private school children with disabilities including how the process will operate through the school year to ensure that parentally placed children with disabilities identified through the child find process can meaningfully participate in special education and related services;
- How, where and by whom special education and related services will be provided for parentally placed private school children with disabilities including the types of services, how special education and related services will be apportioned if funds are insufficient to serve all parentally placed private school children with disabilities and how and when those decisions will be made; and
- How, if our District disagrees with the views of the private school officials on the provision of services of the types of services, our District will provide to the private school officials a written explanation of the reasons why our District chose not to provide services directly or through a contract.

We give these representatives a genuine opportunity to express their views regarding the number of private school students with disabilities, the needs of these students and their location. Consultation occurs before the District decides which services will be provided to private school children with disabilities.

After consulting with appropriate representatives of eligible private school students, the District will make the final decision with respect to the services to be provided including:

- Which students will receive services;
- What services will be provided;
- How and where the services will be provided; and
- How the services provided will be evaluated.
