

So Happy

NEVER WONDER WHAT'S FOR LUNCH AGAIN!

Use your Amazon Alexa device to access the So Happy app for up-to-date information.

IT'S EASY TO USE!

ANY DAY OF THE WEEK,
SIMPLY ASK ALEXA:

"Alexa, ask So Happy what's for lunch today?"

ALEXA WILL RESPOND:

"Today for lunch is a Hearty Garden Salad, Chicken Tacos, Cheeseburger and Supreme Pizza."

You can also ask about a different meal period (i.e. breakfast), specify a particular student or ask about upcoming menus for the days ahead. That's it. Alexa will give you all the menu details you need.

SETTING UP AN ALEXA SO HAPPY ACCOUNT IS EASY!

- Step #1 - To add a student, simply say:
- Step #2 - Alexa will then ask you the name of the student, the district and the school.
- Step #3 - Alexa will ask you to confirm your choices.
- Step #4 - Once your school is set up, Alexa will read the menu.

"Alexa, ask So Happy to add a student."

Repeat the process above to add additional students, if applicable.
THAT'S IT. YOU'RE ALL DONE!
